A Step Above

To the Yearbook Committee under the direction of Ms. Graham and Ms. McCasin, I extend congratulations for hard work and dedication in producing this edition of the St. John's yearbook. The aim of each yearbook is to catch the spirit of the year, record some memories and recognize a wide array of achievements. As you look through these pages you will capture the spirit of St. John's in 1995/96 for many years to come.

To the graduates who will be leaving us at the end of June, I acknowledge your involvement and leadership as the senior students in the school. You have experienced the richness of a multicultural setting in which being unique is a positive quality. Your warm and friendly attitude coupled with a commitment to excellence make St. John's a special place. Your achievements are a testament to the character of the school community and a reflection of the miracle of accomplishments of the students at St. John's. On behalf of the staff, I wish you all the best for the future. We are confident that wherever your path may lead, success will follow.

R. M. Wilkes Principal

I didn't sleep much this year, my grades took a dip, drank more coffee than Juan Valdez himself, and I have about nine new wrinkles to show for it. Wow, was it a fun year!

It blew my mind at our very first soc hop, walking into the gym and seeing 400 students getting groovy to the "Macarena". It was at that moment, that I knew we were going to have an awesome year. And we did.

Some people don't realize that student government is an important aspect of our education. I'd like to thank all the Council members for the blood, sweat and tears in making this year a success. Thanks guys, you're Grr-eat! Council is a big job, and it's tough, but the satisfaction of knowing you made the lives of your student population, even just a little better, is rewarding enough to last you years. We all have something to be proud of, so show your stripes.

A word of warning to any who oppose: We are tigers, hear us roar!

C. Snowball President 1995-1996 was a great year. Remember when.....

Why the blanks you may ask? Your special memories will fill in those spaces, and become the lasting bond to St. John's High School.

I'll immensely remember enjoying: working in the high school setting for the

first time, wondering why anyone would stand out on the front step in -35° weather, the cafeteria, the Internet being introduced to the school setting, the many wonderful students and staff. These memories will stay in my heart forever.

Best wishes to the graduates of 1996! May your hopes and dreams be realized.

C. Barkwell Vice-Principal

A soc hop this month, a dance the next, an airband contest, lunch auction, gym riot, one of these here, another one there and so on. They thought we were crazy and said we would never be able to do it all in ten months, but together the Student Council made it all happen. Of course it was a lot of hard work and long meetings, but every second was worth it all.

A special thank-you to Mr. Wilkes and Ms. Barkwell for allowing us to take chances; to Mr. George, Mrs. Stargardter, and Mrs. Kunyckyj for their support; and finally to the office staff who were always there to help when needed.

I hope everyone enjoyed this 1995-96 year. When looking back, remember the great entertainment, the balloon-o-gram that special someone sent you, and the fun you had during Spirit Week. Most importantly, remember the Tiger Spirit, and that with it, you can make anything happen.

ODE TO ST. JOHN'S (A final salute)

United we stand, united we fall, To stumble was rare, we stand pretty tall Through tankards of coffee, stress pills (extra strength) Many sleepless nights, we went any length From an outdoor bbq, to cafeteria slop Remember that blowout back to school soc hop? Matchmaker tests, candy grams, gym riot You want to cross dress? Why not? Let's try it! We learned quite a lot, we had many chances To increase attendance at all our dances A high five to April, who encountered more stress Than Pamela Anderson Lee's evening dress Staffan made sure that no cheques would bounce (but me thinks he transferred funds, to his Swiss accounts) Rhodalyn, our first social convenor When posters weren't made no one could be meaner We had great minutes, cause Nicole took good notes but when I asked her to stop talking, 'twas murder she wrote And then there's Michelle, our dance chair How amusing to watch her pull out her hair

Thanks to all the reps, who missed time for eating, Every Tuesday at lunch, to sleep at the meeting And Faculty advisors, you made us all laugh How you'd sit in the back, and gossip 'bout staff The great support from teachers, would it have been hard, to stand by me like that on my report card? Without all this help, nothing could be done Well, except clean-up time, when I'd watch them all run Council was cool, always had a good time (I'm trying real hard to make this poem rhyme) My advice to potential prezes who are planning to run Do it, cuz winning by acclaimation's no fun. It pains me to think, that soon I'll depart but I promise I'll always be a tiger at heart The spirit at St. John's is absolutely first rate And if I know something 'bout Tiger's, I know they're "GRRREAT!" Take care of your school, and don't lose your pride, Because St. John's High rocks! (I know it doesn't rhyme but it's true!)

Music Scene

Ms. Segal, music director, has developed three exceptional music programs. Her first music program, the Jazz Choir, started in 1993 with only eight students. By the 1995-1996 school year, the number of students rose to nineteen members who have developed a unique, funky, four-part A Cappella harmony. The Jazz Choir performs in concerts several times a year and participates in the Brandon Jazz Festival yearly.

Her second accomplishment has been the concert band. It too has grown musically in numbers in the last four years due to constant practice and hard work. They perform throughout the year and compete annually in the Optimist Band Festival.

Her final program is the St. John's rock scene which has had a successful year. "The Dirt Babies" who won the Battle of the Bands have performed at every Coffee House, while "Disbanded" entertained the crowd several times as well.

Ms. Segal's dedication and hard work has resulted in a tremendous music program for students here at St. John's.

ACTIVE, CASUAL AND ALTERNATIVE WEAR THE CLASS OF `96 PRESENTS... FORMAL WEAR LINGERIE REMEMBER WHEN...

VALGDICTORY ADDRESS As I stand here in my cap and gown surrounded by friends and family, I think of the past and the future, where we're coming from and where we're going. This day, this big day for us is just another square on the Monopoly board of life. Some of us know we're heading straight for Boardwalk, but some of us leave it to the roll of the dice to see what's next. No matter what we've experienced at St. John's we must make the best of today, to make tomorrow great. All Nicole Belanger that's left for us are the memories - memories of staying up till two in the morning to finish a Physics lab or the memories of Man-Fit in Phys. Ed. But the memories aren't all bad! Some are of the weekend we spent at our friend's cabin or of the butterflies before the games. We've all had good and bad experiences. We've been on a championship team or have made it onto the Honour Roll. We've all experienced losses. I'm thinking of Wayne and Martha. Having to lose them was very hard for many of us, but these losses make us stronger and make us realize how important we are to each other. Our thoughts and memories of St. John's are to be cherished. For out of everything we do in life, St. John's will always be a big part of it. To the teachers and staff we owe many thanks. If it wasn't for your persistence, helping hands, and nagging tongues, we wouldn't be here today. Let us also not forget our parents. You were the ones who waited up for us when we were late, you were the ones who picked us up when we were down, and you were the ones who grounded us, but never the less, I'm sure I speak for everyone when I say thank-you! It was a job well done. Looking out and seeing all of my peers, I know that this is a theatre full of graduates not a theatre full of northenders! We are smart, beautiful, talented people and most of all, we are tigers - tigers who won't settle for less, and tigers who have got what it takes to make the best of our lives. A man by the name of Louis Frechette once said, "Be Canadian and the future is yours!" Congratulations to the Grads of '96 and good luck! Thank-you.

It has been six years of experience at St. John's High School. I have experienced having new and old friends as the years went on. Hopefully this will continue at University to make more

Our Swedish Exchange Student

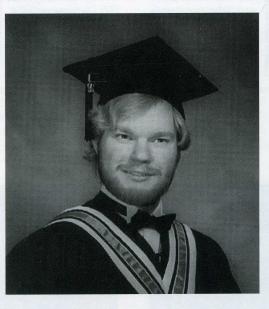

This year, we at St. John's we were honoured with the presence of Staffan Fladvad, an exchange student from Sweden. Even with his busy schedule, Staffan still managed to make time for an interview to tell us about his time at St. John's.

What do you like about St. John's?

There are many good teachers at St. John's - they are real jewels. There are lots of sports, which is good as it brings people together. There are many different ethnic groups, which also, in the end is good.

How is Winnipeg different from Sweden's way of living?

It is flat! The city is very spread out. The people here live in a car-based society and there are a lot of parking lots in Winnipeg. People here have more integrity, everyone seems to have their own personal space, or distance.

What have you learned about Winnipeg during your stay here?

I have learned a lot about the culture, at least I think so. The general prices are much less expensive in Winnipeg, but clothes are fairly close in price to Swedish prices. The movie theatres are smaller here, and in my country the theatres are in older buildings.

What did you think of the winter weather during your stay in Winnipeg?

It was an "experience". If the sunny warm weather from the summer time lasted all year long, Winnipeg would be one of the best spots in the world.

Do you have plans to come back to Winnipeg at some time?

Yes, I plan to keep in touch with a few friends through the mail and in about five years, I want to tour the United States and Canada. I will be hiking, hitch-hiking, taking buses, and staying at hostels.

Do you have any final comments?

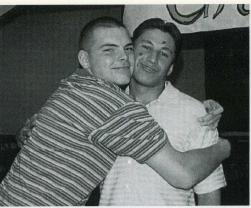

Yes, be proud of St. John's High School - it's a good school, I promise.

On behalf of the entire school, thank-you for the interview Staffan. Good luck in your future.
