Number of years in education: 45 YEARS

I first taught Grade I in Munroe School , East Kildonan School district for 4.4 years. The 1957-58 year was memorable .Emil and I were married in August, 1957 . On January 3, 1958 we moved to Edmonton. This was the beginning of a very loving, challenging and fulfilling career as a wife, mother of Karen and Garry, teacher and now grandmother of 6 beautiful grandchildren.

My 39 year teaching career with the Edmonton Catholic Schools until my retirement in June, 1997 was most. rewarding. My assignments included a Grade I principal's relief, Kindergarten for 15 years and a Resource teacher for 20. From 1989- 1997 I was a full time Resource Facilitator. Previous to this my assignments were part time. During our 36 years of marriage, I became dedicated to and supportive of the charitable work of my husband. I accompanied him on many Knights of Columbus excursions, the trip to Rome for the consultation of the Laity being the most prominent . As a member of St. John's Church, I serve as Eucharistic Minister and Sunday collection counter. I also serve as treasurer for the Alberta Vocation Directors'Executive and help raise funds to promote the Carmelite Monastery. I am currently journeying in my first year of the Formation for Pastoral Service program at Newman Theological College.

In my leisure it's outings with the grandchildren, keep-fit classes, taking interest courses and golfing. In reflection I thank God for the health and gifts I have been given to enrich my family, the lives of children I have taught, especially children with special needs and friends I meet as I journey.
