Administrator's Message.

As another school year ends, we reflect with pride on the accomplishments and contributions from our students and staff. Thanks to the students, staff and parents who consistently demonstrated Tiger Pride through their enthusiasm, involvement and support to make St. John's such a special school.

A big thank you to the Yearbook Committee for their dedication in producing the Yearbook. This is an all year commitment to capture and record for posterity the faces and activities of 2004-2005.

Congratulations to this year's graduating class. We are proud of your achievements and the contributions you have made in keeping the St. John's tradition alive. It was our pleasure to have been part of your development and we hope that your solid work ethics, education, experiences, and network of friends will continue to serve you well as you take on new challenges.

On behalf of the staff, we congratulate you and wish you success in all your future endeavours.

The thing I will remember most about my first week at St. John's High School is how the teachers greeted us. It was scary but they made it easier for us. I am proud to say, "St. John's is where I go."

- James Lord

On my first week of school most of the grade seven kids acted like it was doomsday so I got really scared. I thought that my teachers would be mean but when I met Ms. Marks and Ms. Cotton I found out that they weren't.

– Annastasha Jorgenson

I think Junior High is better than Elementary because in Junior High you get to do lots more than when you were in elementary, like shops, options and other stuff.

– Logan Wright

I remember coming in the class and everybody was quiet and nervous. I only knew a few people from my old school. I didn't make new friends right away but later I did. I like the fact that we get to walk more.

– Melinda Gulbinski

Describe what it is like to be a St. John's student. What will you remember most about St. John's?

To be a St. John's student is to be a team tiger. I will always remember the 30 hour famine.

- Kelsey Bone

It's not bad to be a St. John's student. Teachers help you a lot if you don't understand what you are working on. I will remember all the teachers that worked with me.

- Dustin Bauder

Being a grade 8 student isn't all that good and it isn't all that bad. We are the oldest in Junior High but not the oldest in the school. I am still having a great time.

Leah Keeper

Being a St. John's student is the greatest. We have the best track team. I have never seen such a glittering trophy case. St. John's has the greatest students and the greatest teachers out of all the schools. St. John's is also the most humble. The kids are very friendly! No one is made fun of here.

What advice would you give to a new student?

You're a Tiger now! You should take homework seriously and work the best you can. Don't worry about friends because you will have lots by the end of the month and tons by the end of the year. -Ian Cadiz

For one, I wish you good luck and I hope you picked the right option classes for you. This school can offer many enjoyable perks like intramurals, after school events and even many clubs. So be sure to get some Tiger Spirit. - Cody Roulette

Make sure that you are respectful to everyone around you and they will treat you the same. - Tony Gray

Do all of your work and hand it in and also just have fun. -Jennifer Raposo

Go to school everyday and do your work and homework. Never be late. Always trust your friends. - Yvonne Pollard

My advice to a new student at St. John's will be to study hard, be friendly and respect everyone in the school.

Describe what your 10-year St. John's Reunion will be like.

I think we will all be driving hover cars and most of us will be very successful. The waiters will be robots and our world will be controlled by giant apes.

- Vanessa Stewart

I hope that once our 10-year Reunion comes around that I will be able to say that I've done something with my life. I want to come back and see that 10 years has changed our lives. I want everyone to mature, to not be the way they were during high school. I'm not expecting anything major, I just want my classmates to learn a few life lessons. I want them to be better people.

- Kris Mateo

In 10 years I will have earned my university degree and I will have a good, full-time job. I think I will also look different because I like to change my style. At the Reunion, I will see many of the people I went to high school with, and I probably won't recognize many of them. - Anonymous

What will you miss about St. John's when you graduate? What will you remember the most about St. John's?

St. John's has this special sense of belonging. Everyone is friends with everyone. I'll miss walking down the halls and seeing everyone. We have all had our ups and downs but we will always be there for each other. - Jessica Peebles

I will miss getting up everyday and going to school and seeing my friends. I will always remember the teachers and the advice they gave me and all the experiences I have had in my years at St. John's. - Nikki Ebbers

The thing I will miss most when I graduate is playing FOOTBALL! I'll miss seeing all the people that I've seen for the last 5 years. I'll remember most the way all of us graduates are like a family. St. John's has given me a future and I have no intent of wasting it. To the next grade 12's, enjoy the time you have here and don't waste it. You'll always remember it. - Ashton Tanner

There is so much to miss. St. John's was my home away from home. If I had to pick the one thing I'll miss the most, I'd pick the people. Our eager, yet patient teachers, quirky vice-principal and most of all, friends. Everyone was accepting and kind, and conflicts were minimal, despite our rep for being a "ghetto" school. If I had the chance to go back and change something, I wouldn't because St. John's is perfect as it is. - Anna Siedler

Rugby Team Undefeated

This year's St. John's Tiger Rugby team will be forever remembered as one of the most respected teams to ever put on a black and orange jersey. The team brought a level of respectability back to Tiger's rugby: a level that has not been experienced since the 1970's and early 1980's when St. John's was the powerhouse of school rugby and routinely won provincial titles.

Front Row: Holly Pietz, Marvin Bariso, Jheron Nunez, Chris Lakus, Justin Rudolph, Travis Downing, Evan Grindle, Jericho Belmonte, Angela Albert Back Row: Tyler Norris-Long, Danny Grindle, Waylon Fagnan, Trevor Marchereschuk, Mark Mercer, Craig Koch, Jedrick Belmonte Coaches: Ken Kornel, Dan Pastuck Missing. The boys began practicing indoors in early

February. No one had much of an idea what kind of team we would have come the start of the outdoor season.

We saw an opening day victory against an immense Oak Park team. As the season progressed and the wins mounted the boys started to come together and find in their characters ways to win. We won close games and games by large margins and by the end of the season we sat atop the division undefeated.

Going into the playoffs we knew the level of play would be much higher. The boys rose to the challenge improving their level of play. We defeated St. John's Ravenscourt in the semi-final and met the Vincent Massey Trojans in the city Tier Two Championship. The game was an exciting game which had many momentum swings. The Tigers scored on a late try and held on with a hard-hitting team defense to win the City Championship.

The capture of the city title meant that the Tigers would face last year's Tier Two champions from Minnedosa in the Provincial Final. The game proved to be entertaining as the Tigers, considered the underdogs, simply outplayed Minnedosa with punishing defensive play and enough offensive action to see us through to an 18 – 12 victory and the right to be called undefeated Provincial Champions.

The most impressive quality of the team was that each player committed himself to the team concept. This approach enabled the team to develop into the champions that they are. The coaches decided that the most valuable player award would go to the entire team. Thank you Holly, Amanda and Angela for your help with the team, and the teachers and administration for all additional support. It was very much a season to remember.

Valedictory Address - Ashton Tanner

Good morning graduates, staff, friends, family, alumni and guests. Let me be the last to congratulate all of you sitting here in these stylin' cap and gowns. Everyone sitting here today is here to celebrate the achievement of the 2005 graduating class of St. John's High School. Well, people, today is literally the first day of the rest of our lives.

Each one of us began this journey called school many years ago in very different places. All of us years ago were just innocent, coodie-fearing little children. It's hard to believe that 13 years ago my mother brought me to this terrible place called school. I looked up at a huge brick building and thought to myself "Oh God, it's a kid's prison!" But gradually it began to grow on me. Turned out those people in front of the classroom with the chalk actually knew what they

Someone once asked me if I was satisfied with being average. I shook my head and thought, "Of course not!" They then asked me what I was going to do about it. I have to admit that one stumped me. It's very easy to say you're going to be extraordinary, it's very difficult to actually go out and do it. The future belongs to us, all we have to do is go out and take it. The people who go out and make something of life are the ones who aren't afraid to go out and take what they want. The kind of people that say "Try and stop me!" as opposed to the ones who say "I can't."

But enough about the future for a moment, what can be said about today? Today we all have achieved the single most essential milestone of our lives. Our education is the key to our hopes and dreams. Today marks the end of this chapter of our lives. No longer do we have to sit in class or rush to be on time, or look at all your faces everyday like I have for the last five years.

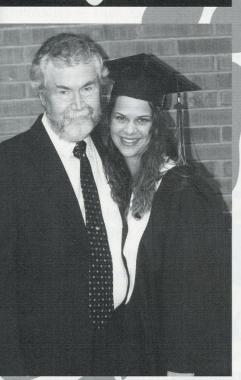

But it's as they say, all good things must come to an end. Even as high school ends, I'll always remember hearing Mr. Wedlake's "Good morning St. John's High School!" or sitting with Mr. Read or Mr. Rosche. I'll remember football practices, school dances, gym riots, winning a rugby championship, (undefeated I might add), and I'll remember all of you sitting here who took the journey with me and the people along the way.

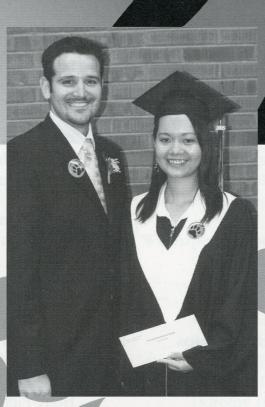

Whatever life has in store for us is something we just have to wait for. So don't worry about tomorrow or the day after, worry about today. For today we're all something greater, we are all something special. All you need to concern yourself with today is enjoying the fruits of our labour. Today we have completed something no one can ever take away from us. We've all crossed the finish line and joined countless generations before us. Today we graduate and today we celebrate that. Let us celebrate the passing of another generation of young minds into a world that waits with open arms.

St. John's has given us everything we need to take the world by storm. And, looking at all of you graduates, I know that's exactly what you are going to do. But whatever each us decides to do with the future never be satisfied with being average. Even if you go down fighting, that makes you extraordinary, just like you are today. And I'll see you all tonight, dressed to impress and ready to throw a going away party as only St. John's can. But they wanted me to give you all a little advice. The only thing I can say is simply believe in yourself. It is believing in yourself that got you this far and believing in yourself can take you all the way. Don't be satisfied with being average. Dare to be greater. Dare to be extraordinary.

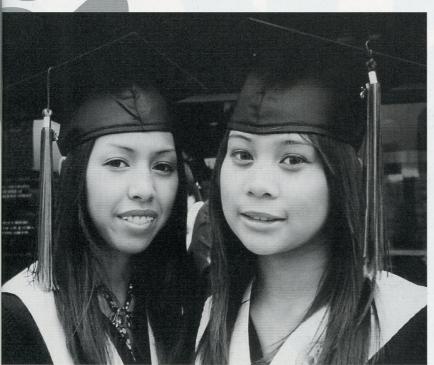

And remember today because many years from now, no matter where we go and who we become we all share one thing in common. We are the few, we are the proud, we are the Tigers!

Lissette Cortez

An education isn't how much you have committed to memory, or even how much you know. It's being able to differentiate between what you know and what you don't know.

My life wouldn't have been the same if it wasn't for St. Johns high school. I loved every moment and especially all of my friends. I'll miss everything and I won't forget one minute. Much love.

Sylvia Daily

I'd like to thank my parents who have been supportive of my efforts and my teachers who have challenged me throughout my school years here at St. John's. I'd like to wish everyone Good Luck in whatever they accomplish in the future.

There are really only 2 other people I can thank...and those people are Mr. Rosche and Mr. Marks. Both these men taught me to seek potential inside of me and use it to make a difference in one way or another. But yeah, Ashton doesn't like thank-you's so this is where I stop.

In Memoriam

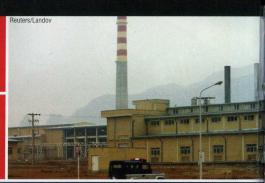

It is with great sadness that we report the loss of one of St. John's biggest Tigers. Mr. Stephen Slack, longtime Teacher-Assistant, passed away on December 9 after a battle with cancer. Mr. Slack worked with us for 12 years in our Special Education Classes and contributed in many ways as a supporter of school activities. His kind and gentle manner made him well-liked by all students and staff. His interests in computers, music, film-making, and photography and his willingness to help out at any school event made him an invaluable resource. He will be missed.
