I AM A CALENDAR.....

THE SYMBOL OF TIME.....

Take time to think, it is the source of power;

Take time to play, it is the secret of perpetual youth;

Take time to read, it is the fountain of wisdom;

Take time to love and be loved, it is a God-given privilege;

Take time to be friendly, it is the road to happiness;

Take time to laugh, it is the music of the soul;

Take time to give, it is too short a day to be selfish;

Take time to work, it is the price of success.

Administration

At the close of a school year, students face a series of choices as to what courses to apply for next year. Your choice, to a great extent reflects your ambition for yourself. Being ambitious means having an end in view and acting to meet that end. A general, hazy yearning will not carry you far.

Your aim need not be dizzily ambitious. It can be modest but intense. It can be directed toward accomplishing something within the realm of your ability. Find out what you can do best, so that you may be happy in doing the work you have the greatest capacity to perform. Don't let inertia hold you down.

JUNIOR HIGH DANCE ICE BREAKER

On February 4, 1972 after two years the ice finally broke as we had our first Junior High Dance of the year. The dance was a success in the eyes of all teachers, students, and principals who attended.

First the dance started off with the music man from Gary Robertson's Services playing pop music. However during the course of the evening many polkas, waltzes and bunny hops were played. There were a few wild contests in which all of the kids participated. One was a cup passing contest. Another one was where couples would waltz till the music stopped then change partners and sit on their new partners laps. The dance was a success and because of the success of this dance more were planned.

SPRING FEVER

The next dance was held on March 17 th. The name of this dance was Spring Fever. Although in Mr. Leggero's eyes Spring Fever affects only girls it seemed to all present that Mark Hewryk had more than a touch of this fever. His hat really flew up when he heard that he was half of the Junior High twisting championship team. Wow, you should have seen him go.

However, Mark was not the only one that had a good time. Nearly everyone present would agree that the music man showed excellent choice of music and everyone seemed to have a good time.

Besides the twisting contest, there was a waltzing contest, a broom-passing contest, and the music man gave away many records by tossing them into the crowd.

All in all, at Spring Fever, everyone had a good time. The dance was a success in every way.

RED CROSS CLUB

The St. John's Junior Red Cross Club was a partial success even though only a small minority of about 10 people participated in all activities. Fund raising projects included a crochet clinic which proved to be quite successful. Slippers were made also, and sold to people which made a fair profit.

President of Junior High Red Cross Club - Natalie Mojzer

Vice-President - Beverly Demac

JUNIOR HIGH COUNCIL REPORT

This year, junior high council was organized late in the year. Council this year was changed around a bit to fit the needs of the student body and the administration. In previous years junior high council organized the dances and almost every time council was in debt which the administration dislikes. So this year a group of three teachers, Mr. Bochinski, Mr. Leggero, and Mr. Cocrane took on the task of organizing the dances. Other teachers and students helped them to make each dance a success. Council itself started and helped organize the Junior High yearbook. Most teachers were reluctant to start the yearbook unless there were enough yearbooks sold. A campaign was started and one-third of the junior high population bought a yearbook. Miss Tiplitsky and Mr. Hollinquest have donated much of their time to help produce this year's yearbook.

This year St. John's had a "Snow Carnival" the junior high participation was a Soc Hop during school time. The Soc Hop was a fine try but lacked a little more organization. Council helped hold a contest for "Snow Carnival Queen" which was won by Eva Urbanowicz of Room 125.

After January Junior High Council disbanded due to the fact there was no need for such a large group to help with the remaining dances.

GIRLS VOLLEYBALL

The Junior High Senior Girls Volleyball team under the able coaching of Miss Monk, finished the season with a record of 4 wins and 6 losses.

The girls showed promise at a pre-season Invitational Tournament at Grant Park High School by losing just one game.

GIRLS BASKETBALL TEAM

This year's Junior High Girls Basketball team was nothing but successful. With a 7 win, 3 loss record, the team captured the North Division Championship. Despite a number of injuries during games and practices this determined team earned a third place title in the City Championships. The team was certainly a worthy representative of the North End. The team's top scorers for this season were Sandra Kuncewicz with 64 points and Karin Hartmann with 54. This year's team was coached and led to a prosperous season by Miss Anne Monk.

GIRLS TRACK AND FIELD

This years Junior High Girls Track and Field team deserve a hearty congratulations for their performance during the track and field season. The team put in many hours of practice only to produce the best results in most track meets. The teams were coached by Miss A. Monk, Mr. O. Cochrane and Mr. G. Kinley.

GIRLS GYMNASTIC TEAM

The Junior High Girls Gymnastic team, ably coached by high school student Rhonda Lothman, competed in two gymnastic meets - the North Division Meet and the City Championship Meet. Their many hours of hard work paid off as the whole team performed well in both meets. Outstanding individual performances were turned in by Cindy Hamilton and Elizabeth Lothman who placed first and second respectively in vaulting and Sandra Cychmistruk who placed first in Balance beam in the North Division Meet. Claire Spearman placed second in vaulting in the City Championship Meet.

SENIOR BOYS BASKETBALL

The Junior High Senior Boy's Basketball Team was very successful this year. The team was excellently coached by Mr. G. Kinley and Mr. B. Burdz. Defence seemed to dominate most of the games until they captured the Provincial Championship in the Stevenson Tournament by defeating Brooklands 28-27.

JUNIOR BOYS BASKETBALL

St. John's Juniors competed in ten games losing only two games to the Sialer team in regulation play. After their second place finish St. John's entered the playoffs losing one point to River Heights. The defence was led by Ron Skorpad and Vic Herak. The team was coached by Mr. Bochinski and Mr. Leggero.

ST. JOHN'S FENCING CLUB

In the St. John's Fencing Club you are challenged not only by other Junior High students, but also by Senior High students, as you fence against both. It is also open for both boys and girls

Members of the Junior High Fencing team have diminished greatly. There are only four consistant Junior High fencers left.

SENIOR BOYS VOLLEYBALL

This year the Junior High Senior Boys Volleyball team was coached by Mr. G. Kinley. The boys put forth some great effort, but the season only turned out average.

JUNIOR BOYS VOLLEYBALL

This years team started off quite well but began to slacken during the latter part of the season. The teams record was 7 wins, 8 losses and no ties. The team was ably coached by Mr. Leggero and Mr. Bochinski.

MY SOUL

One day I set to sea,
My life was free,
My soul alive,
As I wished it be.

The wind picked up;
The waves clashed the rocks.
The ship was swaying;
What's he saying?

I landed ashore,
An island of wonder,
I was a rock,
Among the pebbles.

I roamed around,
The island a myth,
The growth so dense,
The place so vast.

My ship was wrecked,
My clothes were torn,
Life would only be,
Bewildering to see.

Day after day,
I explored for hope,
I knew not what to expect,
For but all was silent.

I covered the island,
A soul not found,
My life would be,
The soul of a tree.

I found a hope,
A young rabbit,
My only friend,
I hoped he'd be.

My life shortened,
I grew old,
My hair so long,
My beard so thick.

My loneliness grew,
The need for a friend.
I was condemned,
Without a chance to be free.

"A God"

Factual or Farce
It only knows if it is
Should one worship it?

Spring

The days and weeks go by,
I count them and I sigh,
The spring is coming near,
I wish that it were here.

The birds that sweetly sing,
The bees that unfortunately sting.
The flowers that bloom and grow,
The breezes that softly blow.

In the spring everything's new,
Everyone's happy, no one's blue.
The earth in soft spring rain,
We thank God for spring again.

The Poem

The haiku is hard
Too meaningful for students
Yet we struggle on.

Richard Gryz,

"Children"

Helpless little child,
Will he ever learn my way,
Of war, peace, love...life.

Judy Gerelus,

To You I Give My Love

As softly as the summer breeze,
As brilliant as the sun set seas,
As golden as the harvest sheaves,
To you I give my love.

You stand there like the god of war,
And with great hands my heart you tore,
You know its you I'm living for,
To you I give my love.

I think of you in dark of night,
But in the dark there grows a light,
Losing you is my only fright,
To you I give my love.

I soon found out with horrid grace,
That someone else, took my place,
My heart has lost its vibrant pace,
To you I give my love.

And so to you, I tell with fear,
That its only you I love my dear,
And my life will be spent with many a tear,
To you I give my love.

Karin Hartmann,
9-125

People

People are People,
No matter who they are,
They may believe in the steeple,
Or drive a fancy car.

Some may be crude,
Others may be kind,
Some may be rude,
Others may be blind.

No matter who you are,
Or what you do,
You should by far,
Be nobody but you.

Are the oceans so beautiful
Is the sky so blue
Are the people in the world
In peace altogether too?

Can my questions be answered
Or must they be ignored
Don't the people realize
That truth must be restored?

Is our world a safe place
To live in everyday
Is there no fear
Of danger, I can not say.

In Search

First
Day

To leave behind a livelihood.
To find a greater livelihood,
To leave a world,
To make a new one,
To leave your loved ones,
For more loving,
Is the essence of one's life.
And the pillars on which the earth stands.
Suffering is permanent, obscure and dark,
And shares the nature of infinity.

New
Day

I don't believe in principles. Principles
are only an excuse for what we think
or want to do.

We are merely life's tennis balls, struck
and bandied whichever way it
pleases it.

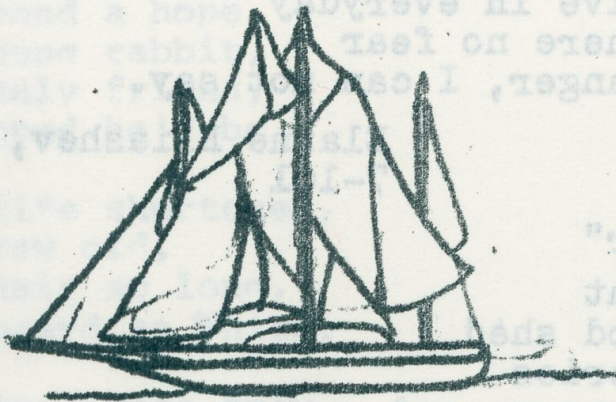

In examinations the foolish ask
questions that the wise cannot answer.

New
Day

Experience is the child of thought, and
thought is the child of action, We cannot
learn life from only books.

Most people are other people. Their
thoughts someone else's,
opinion, their passions a quotation,
Their life becomes a mimicry.

Martin Landy

Ships

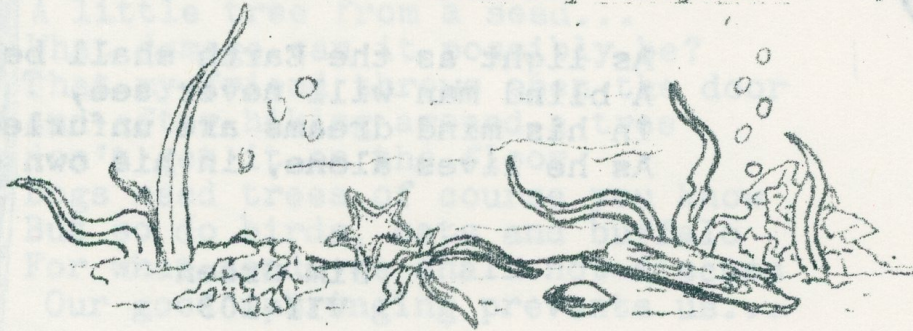

The ocean of life.
You sail across it with hope,
Beware. You may sink.

Wayne Birch
9-125

I heard the ocean calling me one hot summer day.
 As I listened closely to the murmur of a tiny lost sea shell.
 And this what it said to me:
 Come to the ocean, where the coral reefs lie
 And listen to the stonely coral jungles cry.
 Look at the starfish creep from side to side
 And the tiny sea shells whispering goodbye.
 Come to the ocean where the fiddler crabs play
 And listen to them closely as their tiny fiddles play.
 Everything rejoices at the bottom ocean floor
 For the tiny little creatures are calling us once more.

BOOKS

Books are wonderful companions,
 They fill the heart with joy;
 Girls read all kinds of books,
 But a mystery is the best for a boy.

The Bible is a book,
 A very fine one too;
 It tells us many things,
 We all should really do.

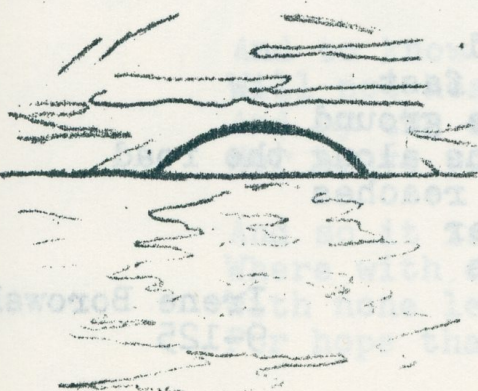

Some books are used for learning,
 But others are for pleasure;
 But the best book in the world,
 Is the one that's used for leisure.

Rosemary Kamchen

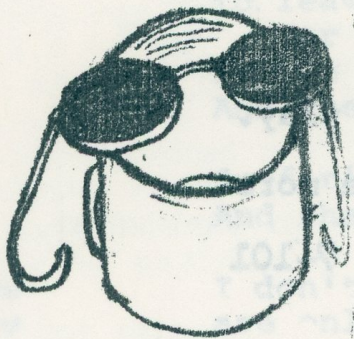

"Sunrise and Sunset"

Sunrise and sunset
 It passes in a short time
 Just as life passes.

Christa Althen,
 9-125

As light as the Earth shall be,
A blind man will never see
He feels his way around the house,
As quiet as a scampering mouse.

Loneliness and darkness, he fears and cries,
Yet loneliness lives in his eyes,
The world is dark with only sound,
As his cane leads him across the ground.

As light as the Earth shall be,
A blind man will never see,
In his mind dreams are unfurled,
As he lives alone, in his own dark world.

Jim Green

Friend?

My friend I need help
I am in deep trouble now.
Where are you, my friend?

Alex Strylecki,
9-125

Earth is an ugly place now,
With pollution everywhere
People are becoming frightened now,
Because of this terrible scare.

The rivers are getting clogged,
With anything in sight,
Not mentioning the air,
Which is terrible for flight.

"Rain"

wet
ice cold
running fast
onto the ground
then runs along the road
till it reaches
the sewer
and goes
down

The noise on the earth now,
Is more than we can stand,
So come on now people
And give a helping hand.

WHO NEEDS TREES

An evil of our Society you can distinctly see...
Can be none other than a stupid tree...
Trees some joker might say are needed
But folks let her works slide by unheeded
For a tree is an ugly splock of green and brown
And with its roots starves out the ground
A tree obstructs sunlight
And in parks make truly ugly sights
Then again... one might say
What has a tree done to me today?
A little tree from a seed...
What damage can it possibly be?
That my friend throws open the door
and after hiking around a tree
don't get it on the floor
Dogs need trees of course you know
But so do birds, bats and buffalo
For what needs we shall not discuss
Our good upbringing prevents us...

Sid Roe Restall 9-213

The Storm

The lightning flashed, the thunder rolled,
The river dashed and death was tolled.

The angry sea prepared his rage
Inflicting death, ignoring age.

The frightened mothers filled with fear,
Couldn't but help to shed a tear,
Then seeing her child stricken with pain,
She sheltered that child from the pouring rain.

And to know the sailors, brave and bold
Will not hear their stories told
And by the shore a young wife weeps
Her brave young sailor silently sleeps.

And so it is said on that forsaken day
Where with only death the sea was paid
With none left to tell of their terrible fate,
For hope that neglected was all but too late.

Karin Hartmann 9-125

Jack Frost paints my windows glass
For what I am to see
To gaze at as I do pass
The branches of a tree.

This frost in shape signifies
The feelings of my inner self
In past and future lie our lives
The ones you took, from your self.

From roots of love these branches grow
It's yours and mine that I think of
The feelings I have for You, you know
Let's make a new life from our love.

In the morning it will melt away
With the rising of the sun
Every hour the Lord I pray
To join us two to be as one.

I think of you within the darkening dim
And gaze at my window pane
From where the root of love began
I pray that you come to me again.

9-125 Sandra Kuncewicz

MOST OF ALL

There's one thing in my life
That's on my mind each day
Something that I dream of
Most of all.

It might seem very silly
But to me it means a lot
Its the greatest thing on earth
Most of all.

This thing is not an object
Nor is it just a thought
It's something very real
Most of all.

I think of it every minute
Of how lovely it would be
To be happy in the world
Most of all.

This world is full of grief
That of torture, pain and sorrow
But happiness would help it
Most of all.

This is how I feel
To make the world go right
Happiness is needed
Most of all.
