Administrators' Message

Congratulations to the students and staff whose commitment and time have made the 2001 - 2002 yearbook a reality. The yearbook is a record of the numerous activities, events, and people who are part of St. John's. Years from now we will all reflect, with fond memories, our high school experience as captured in this year's yearbook.

Mr. Persaud

For us, some of the activities and events that stand out are:
Sharing Circle Community B-B-Q
our Football Team's exciting season
our school production, "Good Morning, Vietnam"
our film, "Four Days in Autumn"
our Sr. Boys' Provincial Track Championship
our award for "Best School Spirit"
school dances, concerts and our Variety Show
Spirit Week
Gym Challenge and Gym Riot
Science Fair
Story Sacks
Band Trip
Grade 8 Farewell
Graduation Activites

We thank you for these memories. Congratulations to all our graduates. We wish you the best as you pursue post secondary education and world of work.

Ms. Seuderman

Valedictory Address

SCOTT PORTEOUS

Good morning parents, guardians, students, teachers and friends. What a long ride it's been but it's finally over. It's funny I know when I was in Grade 9 I couldn't wait to be out of school, but now as I stand here before you, wearing my cap and gown I'm kind of anxious. What's next? College, marriage, divorce, marriage is that it? But hey that's life right? Wrong your life is what you make it.

I know that this year while I was in St. John's I did a lot of weird things, and I didn't do them for attention well, okay, maybe a little. I did them because I had fun; I did them because I will only live once. How many times in our life can I dress up as a second rate hero during Spirit Week and be ridiculed. I'm going to miss that. I'm going to miss Mr. Wedlake's "It's Thursday and you know what that means, that's right Presto Pizza." I'm going to miss the teachers getting mad at me for talking too much - sorry about that.

Now, it's time to move on. It's time to take the knowledge that our teachers, parents and guardians taught us and put it to good use. It's time to take the knowledge that we have learned from our own experiences and use it wherever we go whether it's college, a career, or any choices that we make. Knowledge and education is what we'll need in life.

It was George Herbert who said and I quote, "Life is half spent before we know what it is." I spent over 5 years of my life unaware about how precious life really is, it may not be half of my life but it's still way too long. I plan to make up for those 5 years. It's never too late to actually live. That doesn't mean that I'm going to drink lots and party all night, well maybe a little but it also means this, I'm going to enjoy the precious things in life, like being a graduate who has a family that is supportive. As the cliche goes "Life's a gamble, but if you play your cards right, you will get a winning hand."

We are so lucky that we have food, clothing and shelter and sometimes we can take those things for granted. We are lucky to be graduating and to have the knowledge that other people unfortunately don't have. We are so lucky that we get to make the important choices. Like what we want to do in life & where we want to go & how we want to get there.

I hope that everyone here has a great life today forward. Remember to always take the initiative. We have to take control because it's our life & we have to choose what it's going to be like. It's not going to be easy life's never easy - that's why the knowledge that we have gained so far will help us through hard times. I know that some people are thinking right now, "It's easy for you to say you don't know what I'm going through." And those people are right I don't know what they're going through, but I do know that everybody has problems - that's what makes life challenging. Sometimes I forget how lucky I am because I'm blinded by my own problems, because life isn't going the way that I want it to go.

Choose your path wisely, and if life takes you off that path perservere until you find your way back.

Jeremy Schwartz said "live everyday as if it were your last, because one of these days, it will be." You know what? He's right. Live everyday to the fullest extent. However & wherever, you walk on your chosen path, take your time & just look at the beauty that surrounds you. It doesn't matter what you're looking at; just look & a appreciate the beauty of life; don't take it for granted.

I would like to finish off with just one more message. It was Harvey Fierstein who said "Never be bullied into silence. Never allow yourself to be made a victim. Accept no one's definition of your life; define yourself." It's your life, live it as how you want to live it because no body else can live it for you. Thank you, congratulation & good luck in the future!
