# TORCH '775

ST. JOHN'S HIGH TORCH

When one realizes that another school year's end is drawing near, several thoughts spring to mind. I would like to express two of these which lie foremost in mine.

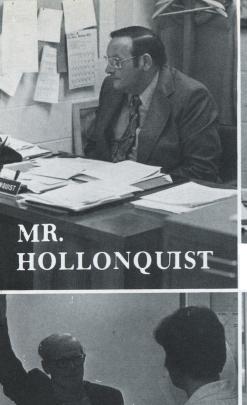

The first is the deep sense of gratitude I felt for the devoted effort the staff has willingly given in our attempt to build a program in which students were encouraged to develop to their maximum potential each, as much as possible, in an individual way.

Secondly, I feel privileged to have shared this past year of your life in whatever small way circumstances have enabled our paths to cross. I hope the future will bring us together again.

I would only like to add that is my sincere hope that we have made a worthwhile contribution to the education of our graduates for "Education makes a people easy to lead, but difficult to drive; easy to govern, but impossible to enslave".

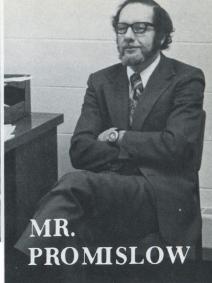

Best wishes and good luck to you all.

# TORCH STAFF

A yearbook is not only a souvenir of your high school years it is also a difficult book to publish. A yearbook staff must be both hard working and dedicated, two qualities that are not easily combined as far as a yearbook staff goes. All efforts of the people that did work on this yearbook, I'm sure, will be greatly appreciated by all.

Good luck to all and many thanks to the following people:

Bonnie Cham Martin Landy Miriam Katz John Gomez-Perales

Lorraine Bohl Rose Kamchen Karlo Keleman

Neda Frketic Marrianne Hrechkosy

The students of St. John's congratulate this year's Tiger squad for the tremendous effort they put into the game. Thanks are due also to the coaches who devoted their time and effort to our Tigers.

This year the TIGERS showed championship qualities, even though they fell short of the title. The team finished with a record of seven wins and one loss. St. John's enjoyed victories over Elmwood, Sisler, Grant Park, St. Paul's, Daniel McIntyre, Churchill and Kelvin, while our one loss was to Gordon Bell. St. John's defeated St. Paul's 16 - 0 in the semi-finals, only to be outdone by Gordon Bell 31-26 in a hard fought game for the championship.

The team was led by Barry Safiniuk, with 16 touchdowns over the regular season. Barry also won the Harry Hood Trophy for outstanding achievements in both football and scholastic endeavors. Honorable mention goes to Steve Millian, John Bogar, Ed Rosenblat, Larry Marchak and Barry Safiniuk for making the All Star Team.

# FRESHMAN VOLLEYBALL CHAMPS

The girls on St. John's freshman volleyball team were rewarded for their many hours of hard work and practice by winding up their season with a record of winning 7 out of 8 league games. The girls lost that one regular league game to Daniel Mac. But they defeated them in the finals and came out on top by winning city championships. St. John's should be proud of this team, which is St. John's first girls' city championship team in over five years. The girls, who always played the best game that they could, would like to thank Miss Monk, for her excellent coaching of the "schmegs".

### **BADMINTON**

For three years now, St. John's High has been very fortunate to have a club not too common in Manitoba Schools. The Judo Club, under the excellent leadership of Mr. H. Fast, could be seen working out in the quiet study hall, every Tuesday and Thursday after school. Aside from putting on a special show for the "Unity 75" festival, Mr. Fast has also made it possible for several students to enter competitive tournaments. The course was designed for both beginners and non-beginners, and Mr. Fast was a bottomless pit of patience, just ask some of his students!

# **TECHONIAN STAFF**

The Techonian, St. John's school newspaper, was revived this year and entered into its 19th year of publication. Martin Glazer, who was appointed the previous year by student council to act as intrim editor, was confirmed as the permanent editor for the '74-'75 school year. Although, the staff was small, the Techonian reached a high level of success with issues as large as 14 pages. Nancy Wihskamp helped to start things rolling and by the end of February a total of 8 issues were distributed. Harold Chochinov became assistant editor and was always sincere and enthusiastic in his undertakings. The editor himself felt that the Techonian was performing its function as he had intended in that it was informing the students and staff and providing the means whereby a student at St. John's could practice his literary skills. The '74-'75 school year marked a new era in the student newspaper by re-introducing a Techonian that the editor was proud to print.

# RED CROSS CLUB

Under the superb leadership of the club president, Shirley Wowryk, the senior high red cross club had a very successful year. In October the Red Cross Club held a penny day raising \$81. The money was spent on games and equipment for the exceptional children at Ellen Douglas school who have to spend the majority of their recesses in

the building.

On Nov. 27th, inservice day, fourteen members of the Red Cross Club volunteered to help tour the children from Ellen Douglas through Eaton's Nutcracker Suite and then to take them Christmas shopping. It was a most memorable occasion enjoyed by all. The red cross club also delivered 44 Christmas hampers that were completed by the students and staff at St. John's. They also held a bingo night for the golden-aged individuals at Holy Family Nursing Home. The many prizes were supplied by St. John's staff and students. To help finish off an outstanding year a Red Cross blood donor's clinic was held in the Senior gym which helped to raise over 100 pints of blood for the main Osborne center. In closing many thanks are extended to Miss Hodgson for illustrating leadership and guidance and helping to make this year one of Red Cross Club's finest.

# Now... more than ever the RCMP offers a rewarding career

If you've ever considered a career in law enforcement, now's the time to talk to the Royal Canadian Mounted Police. The opportunities have never been greater.

For instance, the RCMP is accepting applications from both men and women, married and single. And the salary scale has increased considerably. It starts at \$10,794. per year (\$207 weekly) with regular increases to \$14,150 (\$272 weekly) in the first four years.

If accepted as a member of the Force, you'll receive intensive training in all aspects of police work such as law, investigation, first aid and community relations. Then you'll be posted to a detachment where there's every chance to put your knowledge and talents to work; to earn promotion and, equally important, be proud of what you're doing for yourself and for Canada as a member of one of the finest police forces in the world.

So if you're a Canadian citizen 18 or over; in good physical condition and have completed Grade 11 or equivalent, think about a career with the RCMP Call or write your nearest office or use the coupon. We'd like to tell you more.

# There's something waiting for you at the corner!

Danger lurks at intersections. Statistics prove it. More cyclists are involved in collisions at intersections than anywhere else. Against a car a cyclist hasn't got a chance, except that...

There's something else waiting for you at the corner. A stop sign, or traffic light. Obey it. It's your best bet for continued happy cycling.

# Tortured with the tension of final exams?

Most students are right now.
And, we feel for all of you.
In fact, if opening a new account or setting up a loan could help, we'd be the first to suggest it.
Exams however, are one thing that are pretty well completely up to you.
So what we would like to say right now is simply:

Good luck. We're pulling for you.
