PRINCIPAL'S MESSAGE

As another school year draws to a close, the Yearbook becomes a tribute to the people who study and work here. It captures the significant events that have occurred at St. John's during 1998-99. Students can look back on the year, taking pride in the knowledge and skills they acquired. They will remember with a smile the important moments, the feeling of accomplishment when an assignment is done well, and the sense of belonging when participating in athletics or drama.

Congratulations to the graduating class. You have achieved a worthwhile goal and deserve to feel proud of your accomplishments. Many of the friendships that you have formed here will last a lifetime. As you go on to further your education or seek employment, I wish you success and happiness.

To those students returning to St. John's next year, I hope that the lessons learned and the friendships formed will be the building blocks for further triumphs.

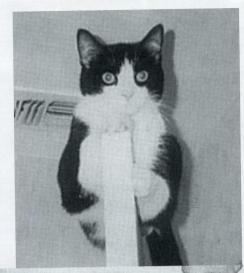

Staff and students have worked hard to complete this yearbook. Thank you for your efforts. The memories reflected here will be treasured for years to come.

Thank you to staff and students for making my first year at St. John's enjoyable and memorable.

Valedictory Address

Darlyne Bautista
SJHS Grad
Calvary Temple
June 25, 1999

As I look out into the audience, surrounded by friends and family, I am proud to be a part of the class of 1999, the final graduating class of this millennium.

Before today, we followed our timetables and went to classes. We did our best to learn and to succeed. Now, we must decide for ourselves how we will fill this timetable for the future, whether we will spend time standing outside the door of opportunity or whether we will walk right in.

Not too long ago, we were stressed over papers, labs, and exams, but St John's was more than a place where we came to learn. Every Monday to Friday, we gathered in the very building that watched us grow. It was at St. John's we made irreplaceable friends, and created memories that will forever remain in our hearts.

As Tigers, we have always stuck together. I remember if ever a dance was threatened - dance tickets were instantly sold. A nagging tongue was always nearby watching out for us, and a comforting hug was always there when it was needed. St. John's will always be a part of our lives.

To the staff and teachers who have brought us here, we are forever grateful. You touched us in many ways. You helped us conquer our fears, and discover our strengths. You led us to what we celebrate today. I know that without you, I would have remained the quiet girl who entered St. John's, shy and afraid.

In the shadow of our achievements, however, we mourn the loss of one of our finest mentors, Mr. Dmytryshyn. I remember Mr. Dmytryshyn as a dedicated teacher, who insisted on teaching despite his illness. He is the kind of teacher I will always remember strong and caring.

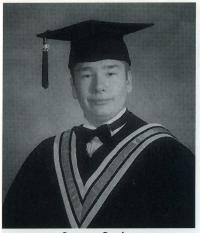

To our parents and relatives, who believed in us from the beginning, who were our cheerleaders and constant support - we thank you. Without you, this day would not have been possible.

Now that we are prepared to step out into the world, we can hold our heads high and proudly say, "We are finally here. We have made it."

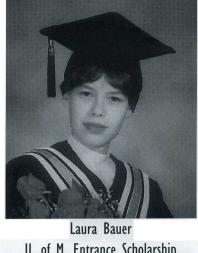

As Northenders, despite what people say, we are exactly what St. John's represents. For we are strong; we are tough; and we will not back down from a challenge. We will conquer the future for it is ours. Today, we close a permanent chapter, a chapter in the rich history of St. John's High School.

Class of '99 - I congratulate you and wish you the best of luck.

Today we'll start a new life
And we'll say our last goodbyes
To all the friends we've grown to love
With whom we've laughed and cried
Remembering the fun and laughter
The problems and the fears
And watching all our memories grow
Throughout our high school years
