St. John's High School

APMINISTRATION

P. Seunarine, Vice Principal

D. Persaud, Principal

R. Wedlake, Vice Principal

Message from the Administration

It's hard to believe that another year has come and gone. The 2003-2004 year was one to celebrate many successes. We have a lot to be proud of at St. John's – our quality academic, Special Education, Industrial Arts, and Alternative Programs: our Tiger athletic teams: our Performing Arts Program with music, drama, and dance; our Student Councils: our fine arts activities, and the many special events that occurred throughout the year. Mostly, we are proud of the students and staff of St. John's High School who make it the great place that it is.

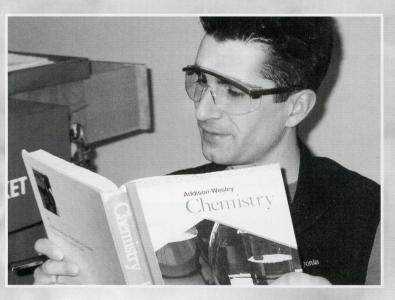

Each new year provides us with new challenges. All three administrators would like to thank everyone for their dedication and hard work in meeting these challenges during the year. The energy and commitment of our students, teachers, secretaries, teacher assistants, and caretakers is what Tiger pride is all about.

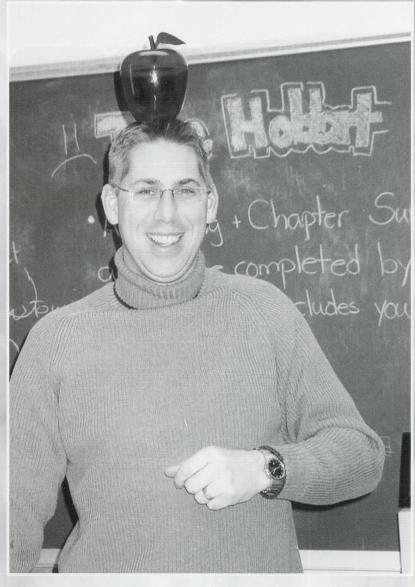

A special thank you to the people on our yearbook committee who have worked so hard to produce this yearbook which is a fine reflection of the year's activities and something that will now become a part of St. John's recorded history.

We wish our graduates all the best in their futures and know that they will answer proudly when asked where they went to high school. "I'm from St. John's."

what Makes St Johns a great school?

Matthew N.

Kayla C.

What makes this school great are the staff and students. The staff is very supportive. The students and staff make Tiger Pride.

-Diana Bernardo

I think Mr. Wedlake makes the school really great because he really cares about St. John's and its students.

-Susan Riley

Most likely couple

I think our school is great because the teachers are really good even though they can get on my nerves, but I know it's for my own good because they are trying to help me succeed in the future.

-Tara Cameron

The thing I think that makes the school great is the school spirit. All of the students support their peers and teachers. The students support school activities by buying and selling fundraising stuff.

-Keltheina Sarraillon

Things that make our school the best are the welcoming people. Everyday, they make you feel at home and whenever you come here you feel that warm feeling in the air.

WHAT MAKES STJOHNS A GREAT SCHOOL?

I think that the best part of the school is the spirit week tradition of Gym Riot. Its fun, active and we get to socialize with team members. Also we get to show off our team work.

-Fran Avila

The teachers and students. The activities make most students have tiger pride. -C.M.

I think that coming to school isn't that great, but the one thing that does make this school great are the opportunities to plan for our futures that are offered here. We may not all become doctors but at least we know we all had the chance.

-Ryan Andrushko

The school is awesome, everybody gets along. This school is very friendly and the teachers know what they're doing. Very welcoming.

-Ainsley Kazubek

Grrrreat! Well obviously it's the presto pizza! No, the pizza is great I admit, but the best thing here is that the students are all friendly. Anyone moving here is bound to meet the bestest of buds.

Brian, Kim and Kristie relaxing at "Uncle Tom's" cabin.

Writer Mr. J. Rosche and Director Mr. J. Silver.

This year, the students involved in making the St. John's third feature film "Treading Water" went on a week long trip to a beautiful, but small cabin belonging to Mr. Silver. His cabin was in the Whiteshell Provincial Park. For me, a person who hasn't really left the city, the scenery was absolutely breathtaking. In the morning, you'd wake up and see a beautiful sunrise over the lake. Where we filmed the campsite scenes, there was a tiny waterfall and huge rocks where all of us went "rock-hopping."

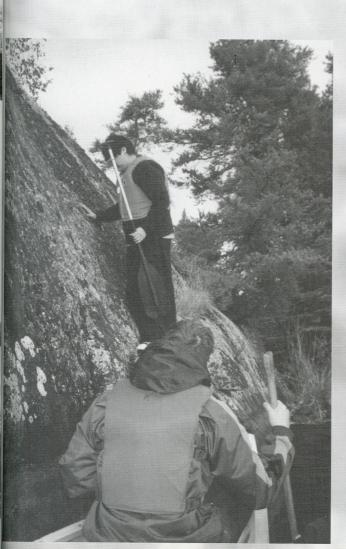

As for our sleeping arrangements - let me say it was a tight squeeze. At night there were people sleeping on the floor on all sides of you. There was one "of course it had to happen now," moment. The water pipes froze on the first day so we had no running water. We had to use the

THE PROPERTY OF THE PROPERTY O

outhouse and could not bathe for a week. Some of us experienced "brain-freeze" when we decided to wash our hair in the lake with buckets.

Despite these conditions and the hard work of making a movie, it was a great experience. The cast left the lake feeling much closer than we had before. In the end we did not want to go home.

On behalf of the actors and tech crew; thank you to Mr. Silver, Mr. Rosche, and Ms. Wellwood for this memorable experience. –Jessica Peebles

VALEDICTORY ADDRESS - Peter Ruiz

Good morning family, friends, teachers, and fellow graduates. Although I stand before you at the podium ready to present my speech, I cannot believe this day, our day has come. We spend a lot of time at school. I guess you can say it's like our second home. For me, high school has been my comfort zone. It doesn't seem like I'm ready to leave, but what can you do? As directors say, "the show must go on!!!"

I went into this year thinking that time was gold, and as a result, I promised myself that I wouldn't waste my last year doing "nothing". Instead, I took every opportunity, every chance, and made this year the most memorable of all. Looking back 20 years from now, I won't hear myself saying

"I should've...." And "why didn't I...?" I have no regrets; I cherish, and will always cherish everymoment I had in high school. The challenges and experiences that I have overcome and encountered are irreplaceable and I truly would never trade them for any thing in the world. I can speak for all those who are graduating today, when I say, "We lived life to the fullest." Our hard work has finally paid off and you know what? We deserve it!!!

In the midst of everything that is swarming in my head, I stop to think to myself, "I finally accomplished something that have been waiting for all my life. I am graduating from high school, and I'm ready to step up to the next level." The next level for many of us graduating today is going to be different. Some of us are going to find a job; some are going to attend post-secondary education; still others, will take a break and take the year off. But, for all of us the transition is complete from completely immature to slightly immature. I'm just kidding.

I, like others, truly believe that St. John's is an exceptional school. St. John's is a warm and inviting place where the students are friendly and the teachers really care about you and your future. It's an environment unlike any other. One of the things that make our school special is that we have a wide range of ethnic backgrounds. Diversity thrives in our school. And everywhere you look you see people getting along.

I know that all of you graduates can agree with me, when I say that we couldn't have accomplished things, without the neverending support of our family, friends, teachers, and coaches. To our families, thanks for all the love and encouragement you have given us over the years. To our friends, thanks for the memories and the good advice. Last, but not least, to our teachers and coaches: thanks for the knowledge and the valuable life-lessons. We couldn't have done it without you.

There are some things I'll certainly miss that only high school can offer. Like the stench of fresh sweat from track practice mixed with the powerful smell of Axe deodorant in the morning. We could say goodbye to high school sports. Goodbye goodbye, goodbye... but don't forget, Mr. Wedlake's, "who put the can in the garbage bin?" routine, as if accusing students of committing a major crime.

On the other hand, we students are at the point in our lives where the end is just the beginning. Where in the end, after the day is done, it is time to say bye to petty things and enter the "real world." And now ladies and gentleman, I would like to share with you a quote from the bible that has inspired me and hopefully will inspire you to achieve all you can achieve

"Ask, and it will be given you; seek, and ye shall find; knock, and it shall be opened unto you; For everyone that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened." Matthew 7:7-8

This speech would not be a speech without mentioning the undeniable tiger pride that we always exuberantly radiated wherever we go. We are and will always be Tigers. We roar, when we cheer loudly. We are fierce, when we are faced with a challenge, and finally, we strive to accomplish things, in order to survive, whether it is mentally or physically.

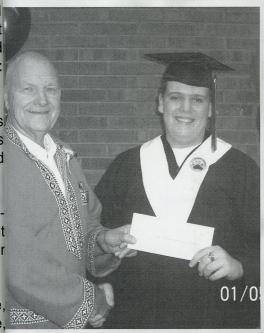

Although we are leaving the "high school days of our lives", we know that we are entering a world of many new trials and tribulations; however, with the many life lessons, morals, and the tiger pride instilled within us, we will conquer the many hardships and overcome the bumpy road of life.

We are the class of 2004. Congratulations.
