HOCKEY HISTORY

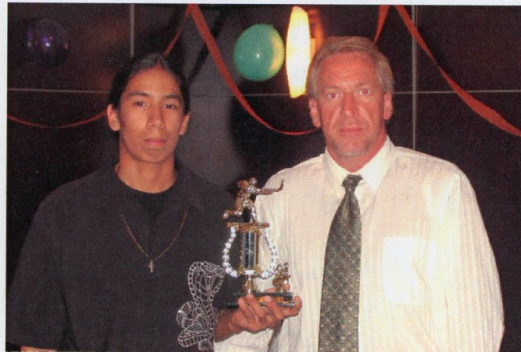

In fall 2007 St. John's High School's Hockey team was founded. R. Yuzark and R. Grubert had a vision for a High School Hockey team that would develop hockey players from the school and give opportunities to students interested in learning the game. Together with the help of Ms. Friesen, A. Stargardter, D. Cantlon and S. Wiley, a team was formed. KidSport assisted in acquiring equipment

Even though the Tigers Hockey team did not see a win during their first developmental season, each game was played with heart and determination. The team ended the season with a 0/24 record but not a single player left the team - in fact, others jumped on board.

St. John's first goal was scored by Lyndon Cwik on October 29th, 2007. This was followed by more goals by Jordan Popowich, Matt Houde and goalie Dustin Leach.

Dustin Leach was chosen by the coaches of the High School Hockey League for the All-Star game. Dustin faced 50 to 100 shots per game as St. John's goalie.

Matt Houde was chosen for the Showcase game at the MTS centre on February 3rd.

CONVOCAÇÃO

VALEDICTORY ADDRESS - KEN GAVINIA

Faculty members, guests, family, friends, and fellow graduates, welcome and good morning. Thank you for giving us your time by joining us to celebrate such a momentous occasion, our graduation.

Listen... did you hear that? That's the sound of your frontal cerebral cortex processing thought. Graduates, you guys are thinking. And believe it or not, I know what you're thinking about. You're thinking of the same thing that I am, and probably everyone else as a collective is thinking... "What now?" Here we stand at the forefront of our lives, that light at the end of the tunnel, we're here.

May we never forget the experiences we've gained at St. John's High School. What a rollercoaster ride it's been. From the carefree times of grade seven and eight, to the tears and joys of high school drama, we've been through a lot. Like the madness of Ms. Unrau, making us run at six in the morning at grade eight camp, or the fearsome competition of the countless gym riots we've had. From something as public as announcing my undying love to Mr. A. in front of the whole school, to something as discreet as playing video games during a certain physics class, sorry Ms. McDonald. We'll remember all the fire drills as we stood outside pondering, "If the school was really on fire, is it really safe to stand only two meters away from it?" Or even during the practice lockdowns when we would sit quietly in the corner and make paper airplanes to throw across the room. But as we grew older and matured, things began to change. And it's only natural, as it should. Hallways and classrooms became more familiar, Presto Pizza suddenly became Pizza Hotline, and the people and classmates we've known for so long began to change; you know, their hairstyle.

For me and many others like myself, St. John's was not just a place where we went for our education. It became a place that helped us become who we are today, a place where we made irreplaceable friends and memories that we will always hold in our hearts. It is within this place where we've prepared and conditioned ourselves to face a world full of opportunity. It is here where we have matured from young hooligans to... well at least we know what a hooligan is now. We now enter the adult world,

some of us already know what we plan to do. Some of us don't. Whichever category you fall under, let us work hard to try our best to achieve what we want and get what we deserve.

As valedictorian, I would like to take this time to give thanks to all the people who made this possible for us. All of our teachers within our school have always been so helpful and supportive. Whether it is the time they give outside of school hours, or that little bit of extra help we need the day before... or the day of the test. There are a lot of teachers who have inspired me and shaped me into the person I am today. One teacher in particular, has always motivated me and pushed me beyond my limits. He never gave up on me and he is responsible for a lot of the confidence I have gained in myself, even though he continuously shot me down as "pretty boy." Our teacher-student relationship only really began 2 to 3 years ago, but as for the things he taught me, I will remember for the rest of my life. Thanks Mr. Marks.

Thank you to all the parents who never gave up on us. Whatever we decided to do, you were always there right behind us with your full support. With the exception of that tattoo I wanted, right Mom? As your children, we are eternally grateful. And we would definitely not be here, if it weren't for you and your unconditional love. Thank you to the parents of our friends who would prepare us food and snacks when we came over. When we came over, who let us stay late to study, when you obviously know we were just playing games or gossiping. I can't emphasize enough how none of this would have been possible without you.

Graduates, my fellow students, my friends, today marks the end of our high school years. When I look around into the crowd, I can't tell you enough how proud I am to have attended St. John's. Although many people have labeled us with the notorious reputation of being "North-enders" from a rough school, you can never really understand the experience until you go through it. St. John's is much, much more than that. We are diverse, unique, and proud to be different. We never let the trivial things such as race, religion, or stereotypes bring

us down. We are what St. John's represents, we are strong, we are proud, and we are ready to prove people wrong and face any challenge, the challenges of the future, the challenges of success, and the challenges of life. I don't have any fancy quotes or passages to read to you, however I did read this really cool hallmark card that I think is suitable for the occasion.

"Success doesn't lie ahead of you,

Waiting to happen.

It lies deep inside of you,

Waiting to be discovered.

To live your life in your own way...

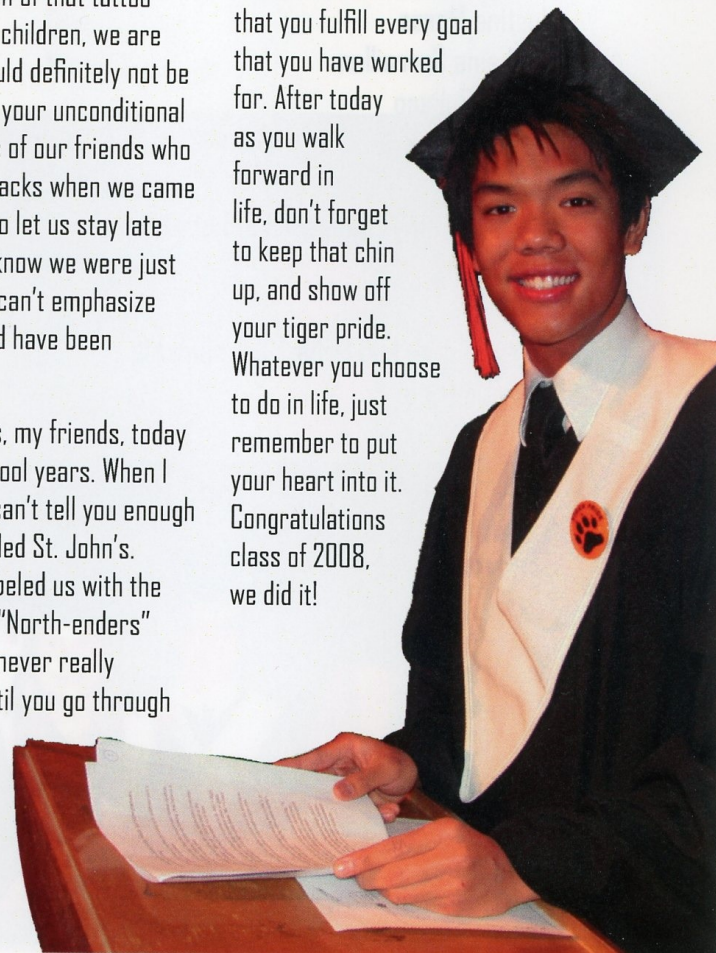

To reach the goals you have set for yourself...

To be the you that you want to be,

That is success.

Let success be measured by the happiness in your heart"

Graduates of 2008, these last couple of years have been beautiful, and it's been a pleasure to share the experience with you. I wish you the best of luck in the future and that you fulfill every goal that you have worked for. After today as you walk forward in life, don't forget to keep that chin up, and show off your tiger pride. Whatever you choose to do in life, just remember to put your heart into it. Congratulations class of 2008, we did it!
