The Spirit of St. John's

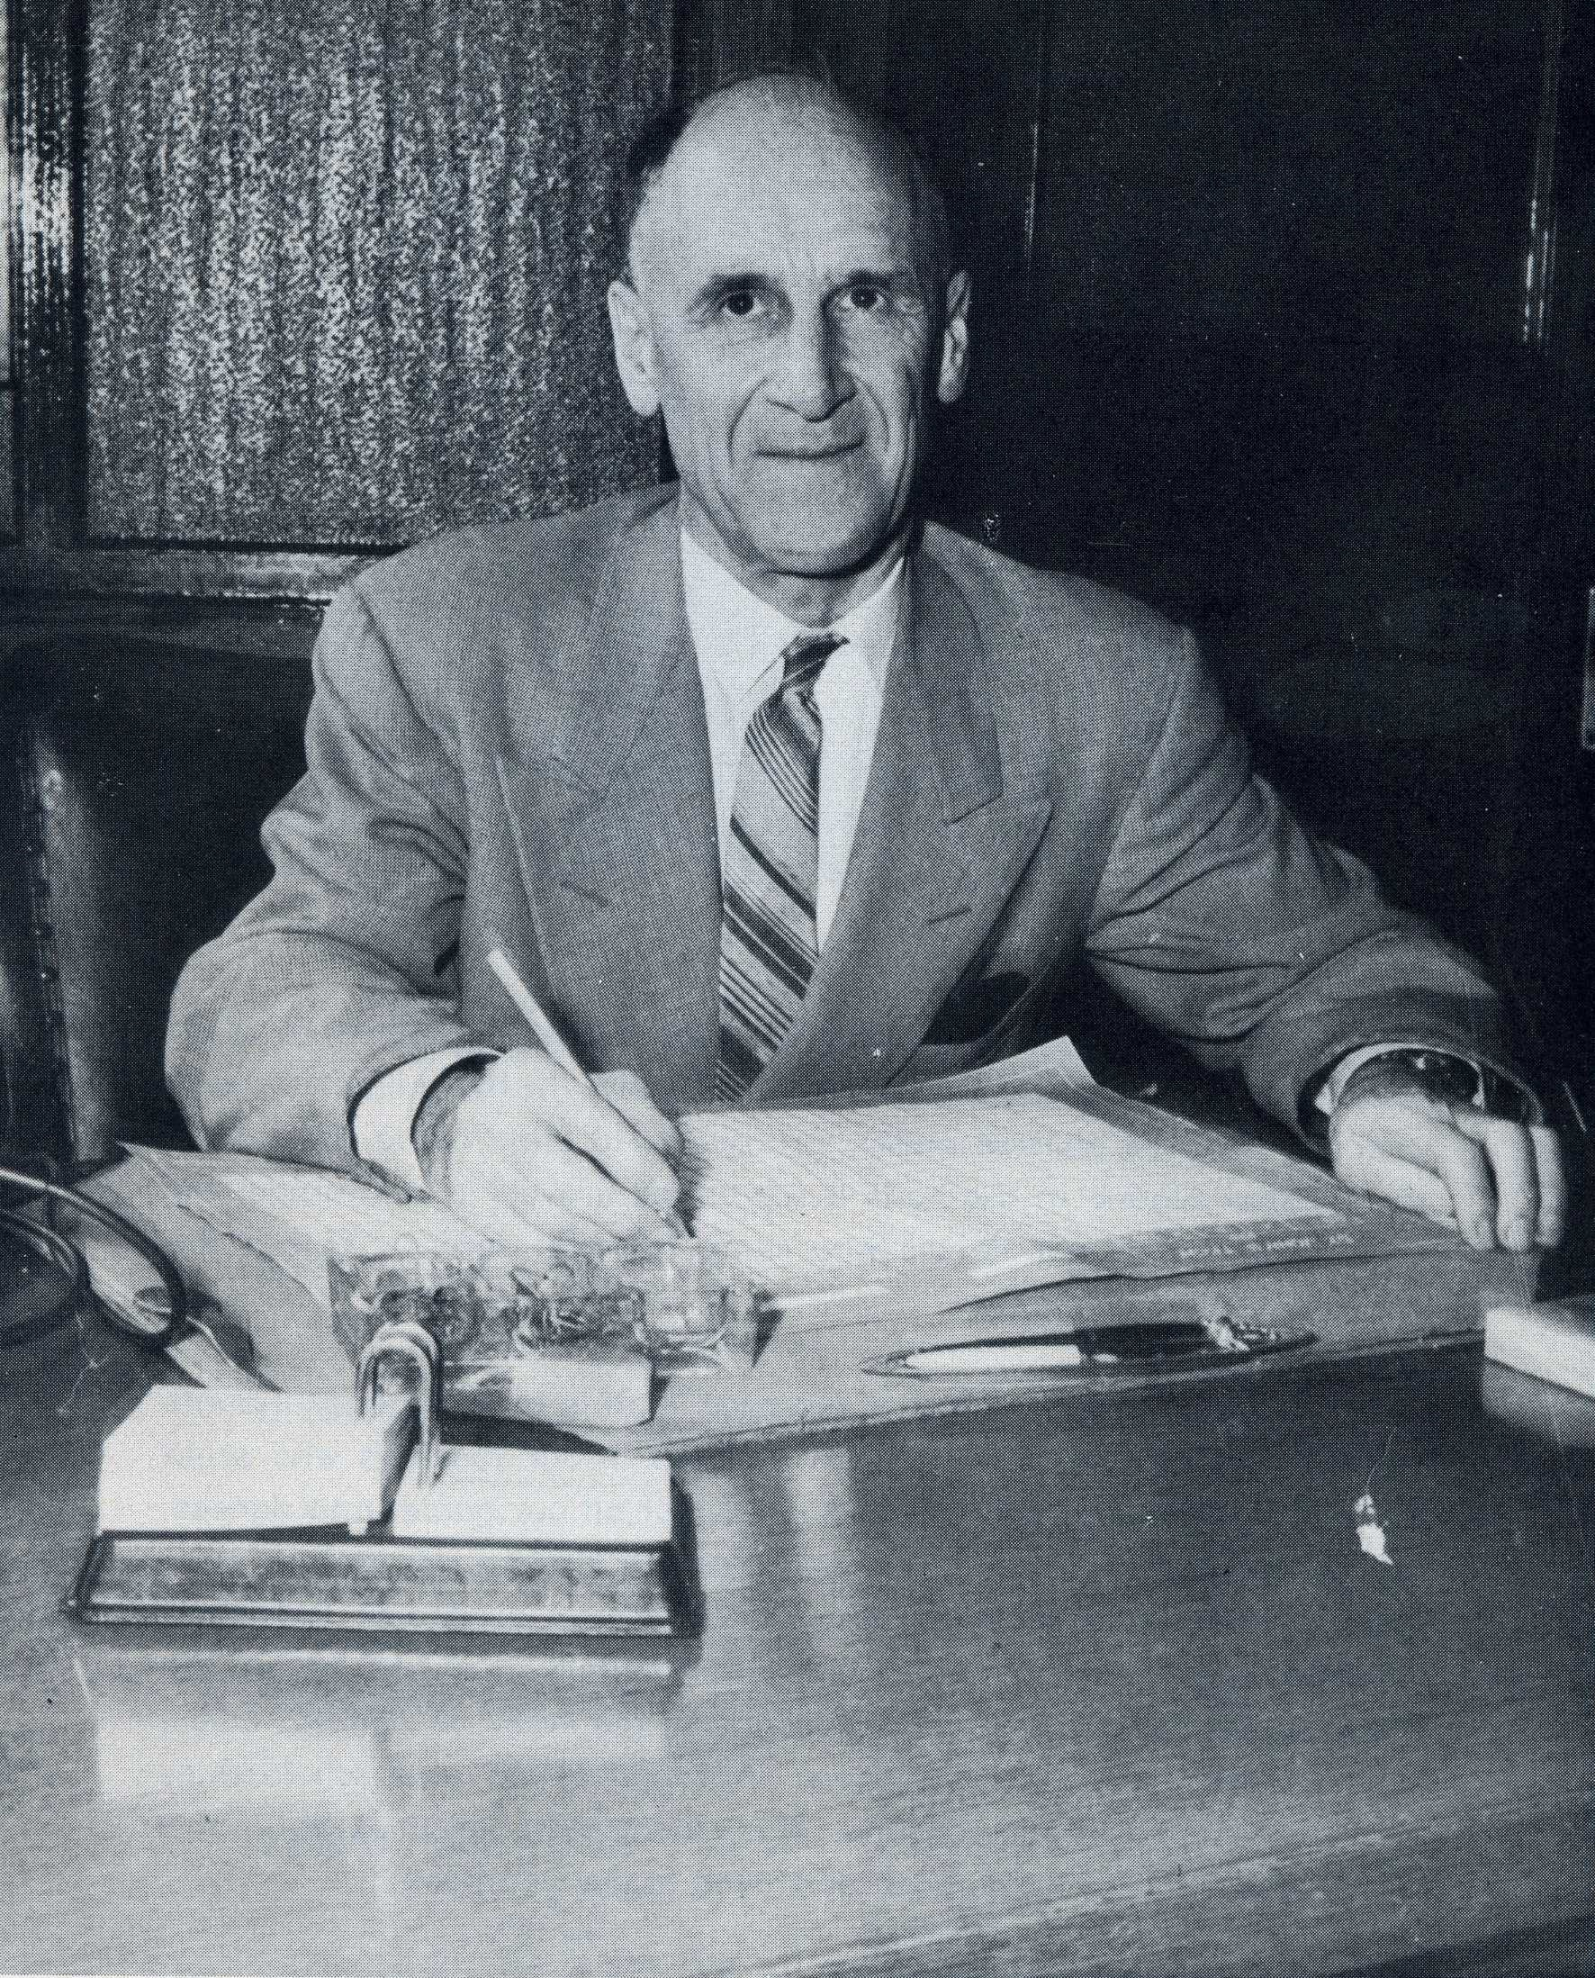

ANOTHER school year is over; the activities we shared at St. John's are done. But their memory will always be bright and unforgettable. By our participation in activities of the school, we reveal together the spirit of St. John's. It is this spirit we have tried to portray by means of anecdotes and photographs. We present to you the "Torch" — the spirit of St. John's.

Our spirit is the force that unites all St. Johnians: past, present, and future. It has shone for many years, and witnessed many changes, but not often has it wavered. All around our school we are aware of its presence.

On the second floor, heading the list of past presidents, it takes the shape of a torch which has burned brightly. In the guidance room, over our school's painted motto, it urges us to aim "up to the stars." On another plaque in the halls it represents bravery and courage, for it tells of all the war heroes who came from St. John's. This is the old spirit, still and calm.

Our newer spirit which is recorded in this memory book haunts our halls more cheerfully. It can be seen in our teachers who scold us in the classroom, yet turn up to cheer at all our games and dances. It roams the halls in a noisy babble as our undergrads escape from their classes. It acquires a serious look as our graduates face their examinations. At rugby and basketball games it shows up in the cheering sections. Socially, it appears in the form of dances, clubs, council meetings, and newspapers. Academically it wins scholarships and participates in our concerts. This, then is the spirit of St. John's in the shape which it has been portrayed in our yearbook.

Next year, there will be even a newer spirit at St. John's. We hope that St. John's will equal and surpass all its former glory in the years to come. It is with this hope that we have emphasized throughout our yearbook, the "Torch," the "Spirit of St. John's."

J. E. RIDD

Principal's Message . . .

ONCE AGAIN THE time of year has come when the editor of your Torch has requested a foreword for the new edition. As I sit at my desk at home pondering what to write, I hear the scream of a jet plane passing overhead from north horizon to south horizon in a matter of seconds. Last evening my neighbor in his home received a phone call at 6:45 telling him that a cancellation made it possible for him to catch the next T.C.A. flight for Toronto. At 11:45 his wife received a long distance call from him in his hotel room in Toronto—a quiet, uneventful trip! And as I thought of these events and recalled that 1957-58 will probably be written down in history as the years of "Sputnik" and I.C.B.M.'s. I was overwhelmed by the speed of change and its impact on your world.

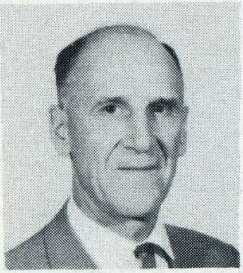

Have you ever tried to compare your world with that of the years when St. John's first enrolled its students? In 1910 there were very few telephones, no radio nor T.V.; very few automobiles—no planes, nor jets, and dreams of trips to the moon were not even imaginative. And today you so take these methods of communication for granted that a student in one of Mr. Dack's classes interpreted the sentence from his history text "Lord Durham made a flying visit to upper Canada in 1844" to mean that "Lord Durham in 1844 went to Upper Canada by airplane"! You live in an everchanging situation and the speed of change has been so increased in this past half century that one cannot attempt to forecast the future advances in physical sciences, nor what you may encounter as you leave school to make your living in a disturbed and uneasy world.

We can, however, give thanks that all is not changing, that certain fundamental truths remain, that there is safe anchorage in the realm of the spirit. Honor, honesty, courage, courtesy, charity, faith in the goodness of God—these still remain unchanged and unchanging. And it is our wish and hope that your years in this school have helped you to develop those qualities and attitudes which will enable you best to meet the challenge of your changing world.

JERUSALEM

And did those feet in ancient time
Walk upon England's mountains green?
And was the Holy Lamb of God
On England's pleasant pastures seen?
And did the Countenance Divine
Shine forth upon our clouded hills?
And was Jerusalem builded here
Amongst those dark Satanic mills,

Bring me my bow of burning gold!
Bring me my arrows of desire!
Bring me my spear! O clouds unfold!
Bring me my Chariot of Fire!
I will not cease from mental fight
Nor shall my sword sleep in my hand
Till we have built Jerusalem
In this our green and pleasant land.

GOD SAVE THE QUEEN

Valedictory

"THE THOUGHTS of youth are long, long thoughts."

And on this day youth has paused, for a moment, to think. We are thinking of the past, of the time we have spent at St. John's. Our minds are filled with warm memories of the countless events and experiences which have made this school so dear to us. There was the mad cramming before every set of exams; the football game we finally won; and the basketball championship we just missed. There were the varied projects such as our yearbook, our newspaper, our choirs and our variety concerts which have done so much to broaden our horizons. Everyone has had an opportunity to prove himself and in some way do his part for the school. Here at St. John's we have learned through participation, and practice, those qualities of good sportsmanship, tolerance, and co-operation which are the most important tools for the difficult job of life.

Yes, Youth is thinking . . . Our thoughts are thoughts of gratitude. We are grateful to our parents for their love and devotion, and for the wonderful heritage which they have given us. We are grateful to our teachers for guiding us and for giving us inspiration. And we are grateful to our friends for their encouragement and for the strength which their loyalty and friendship has given us.

The thoughts of Youth are also turning to the future. We, the generation of tomorrow have a much more difficult task in store for us than any previous generation has had. We face not only the problem of controlling a turbulent world, but also, in this perilous Atomic Age, the problem of bare physical, spiritual, and emotional survival. It will be our duty to pull the check reins on a frenzied world which seems bent on self-destruction.

Our "long thoughts" are both happy and sad. We are thrilled at the prospect of leadership, new experiences, and the chance to unfurl before an anxious world our new plans and ideas.

We are sad because we are leaving our school, a place which has come to symbolize for us security and a feeling of belonging.

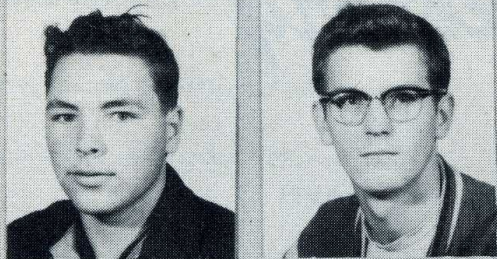

What lies ahead? The future is shrouded in mystery and suspense. Youth, full of dreams and aspirations likes to envision a rosy tomorrow. But perhaps it is God's grace that we do not know what lies behind the shroud. We only know that we must arm ourselves with knowledge, wisdom and inner strength as we set out to face life. Whatever awaits us, let us always remember that, "Our greatest glory is not in never falling, but in rising every time we fall."

HELEN FRANK

SENIOR GRADS

Room 40

40

ED BAZAN . . . Ed, a newcomer to St. John's is a very popular kid with all of his schoolmates and teachers. He is a member of the all-year rugby club and room soccer team.

ROBERT BIGAR . . . The other half of the "Biggar-Sobchuk" duo, is interested in customizing cars, but is usually begging a ride. "Bob" is the serious half of the team, and spends many a valuable hour with Parker in discussions on Russian rockets and the agility of the amoeba.

BOB BOYD . . . A top Physics and Maths student, Bob is sure to be successful in whatever he attempts. However, he finds female figures just as attractive as those in the text book.

MARTIN BUCHALTER . . . Where girls are concerned Romeo was an amateur compared to Martin. His appeal to the opposite sex is unequalled (so he tells us). He and Pearson usually spend study periods exchanging phone numbers.

ANNE BUDNIK . . . A demure brunette who still wonders why she was put into a room with so many boys. Reads psychology—whose your next victim, Anne? She believes in the saying "hearts that are given are soon given back."

FRED COOPERSTOCK . . . Fred is not only a very handsome and talented guy but he also likes to make sure that everyone agrees with him. Room 40's "Groucho Marx" was a late arrival via New York.

WAYNE CUNNINGHAM . . . Wayne is a wonderful student who is liked by his classmates and teachers. We all wish him success in whatever he attempts in the future.

BOB DRYSDALE . . . Bob is an ideal student. Playing inter-room soccer, basketball, and high school football in addition to a good scholastic record has given Bob an interesting and highly successful school year.

RAY FARYNA . . . Room 40's sports' captain stood out as a lineman for the Tigers and in inter-room sports. Ray makes "les girls" swoon with his physique and intriguing smile. Ray skipped on one of the school's curling teams.

VICTORIA FEDORYSHEN . . . A friendly newcomer who seems to stay on the sunny side. Her attentions are concentrated on seats 6 and 9 — what's the attraction, Vicky? Best wishes for your future.

ARNOLD FEUER . . . Don't let his innocent looks fool you; Arnie must be credited with a fair share of the mischief in the room. The boys in the room like him, the girls adore him, and the teachers ???

1957 - ST. JOHN'S

JIM FIELDING . . . One of the better students, Jim, a fullback helped the Tigers on to their fabulous record this year. I wonder why he's always singing "Oh Diane?"

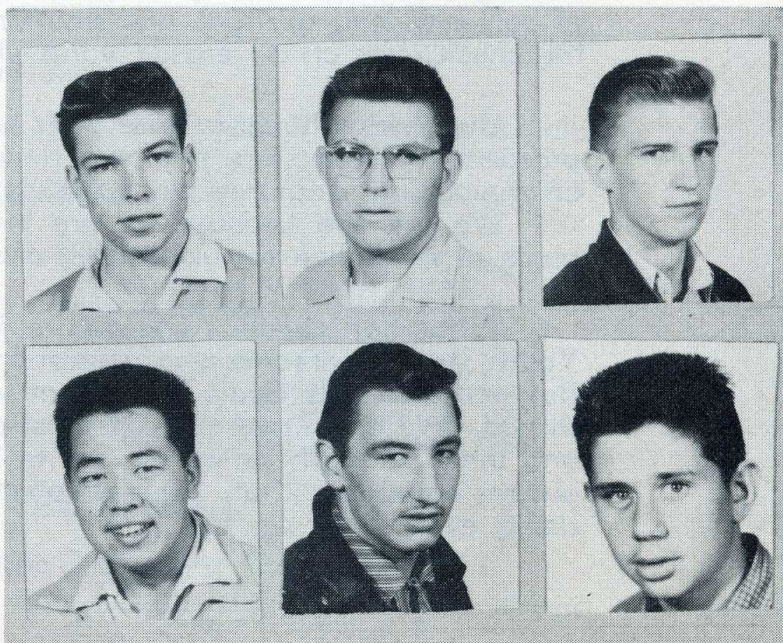

ED GRABINSKI . . . "Ishkaboo" has a gift for antagonizing teachers. Ed, the room's bowling rep, found that he was the only member. His other interests include rugby, soccer, and "kibitzing" with Vic during study periods.

LUTHER HEBER . . . The gambler of Room 40 is always available for cards. (a natural card himself.) He's a handsome boy who loves French (women), mathematics (figures), but detests English (teachers). He is also co-editor of the ingenious write-ups.

JIM HISANAGA . . . Jim is a combination of Tarzan and Gene Krupa. His hilarious escapades brighten up many a school day. A star on the senior soccer team, Jim also was superb as goalie of our room's soccer team.

MARTIN INVENIUK . . . Introducing the "Ivy" look at Tech, maintaining a good academic record, and heckling English teachers kept Martin busy throughout the year. He found time to play inter-room soccer and to attend football practices.

WALTER KANE . . . If you want to know who will be playing for the Bombers in '58 — "Vaseil" says that he's your man! Ambition—pharmacist. Fate—test-tube washer.

GERALD KRAWCHUK . . . "Chick" who is very active in sports, is an old favorite in Room 40. His pleasing personality and sense of humour gives him a reputation as a "great guy."

SHELDON LAPKIN . . . Sheldon participated in football, inter-room basketball and soccer. His pride and joy is his dark wavy hair which he pin-curls every evening, making himself handsome for the girls at Tech.

ED LETINSKY . . . Former rep for St. John's on the Collegiate Reporter. Ed is Nadia's talking post in Chemistry, and also Room 40's cartoonist. A future architect, he practices by drawing the teachers. Ed is well liked by all.

LARRY LITMAN . . . This lad is a ball of fire when it comes to women. I wonder why Larry is always walking towards Mach-ray school? Could it be R.B.? Larry plans to be a Physical Ed. instructor. Look out Mr. Pastuck!!

BEN LUFFMAN . . . "Tammy" keeps happy by telling himself jokes during class. He has endeared himself to Mr. Beer with his wonderful penmanship. He claims he's a "brain" but is now trying to prove it.

STEFAN MARTIN . . . Stefan's school days are spent catching up on sleep he missed while cruising around in his "hot-rod" the night before. His ambition is to buy a newer car. Maybe a '38 model?

GLADYS MAZUR . . . A petite miss who firmly believes in the saying "the best things come in small packages." Would like to see the entire male population reduced to slavery. Ambition— to have ambition.

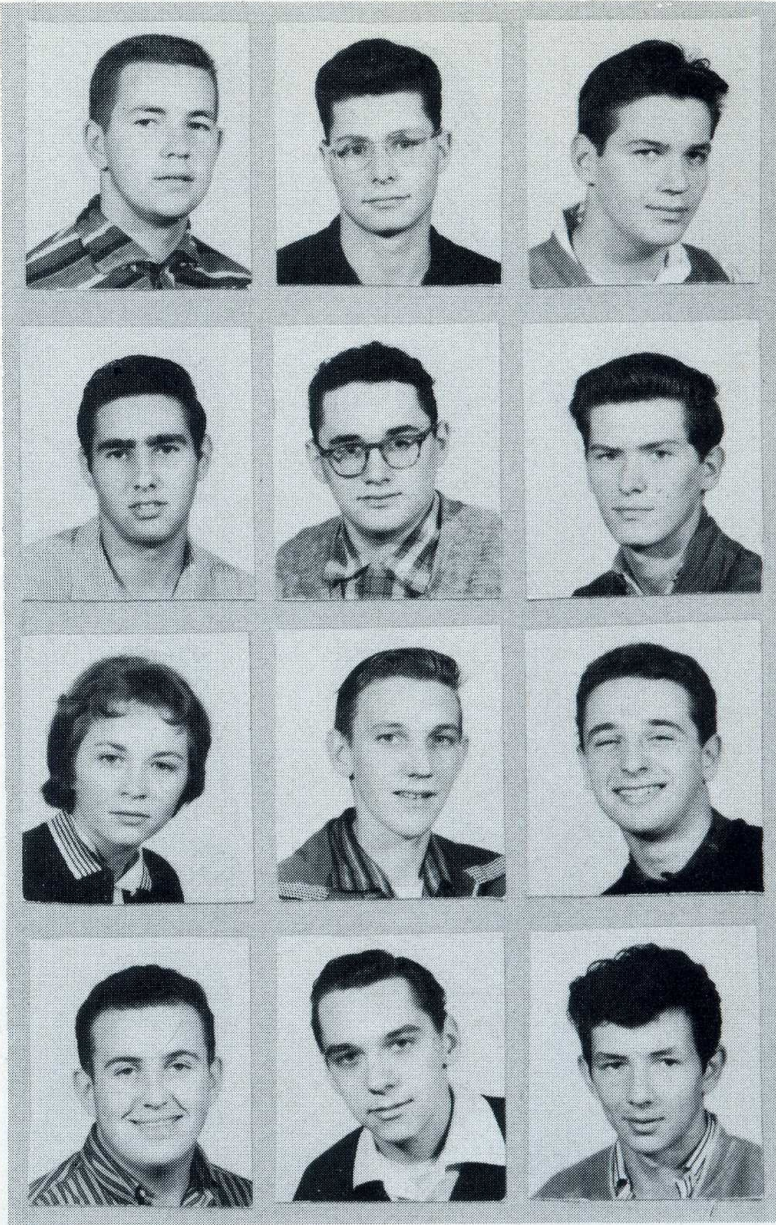

WALTER MIROSH . . . Very popular with boys and girls(?) "Mushy" is six feet of idiotically happy boyhood forming a perfect picture of tomorrow's manhood! Walter is planning to be a mechanic. Fate — "banana boat" jockey at Pritchard Boat-yard.

BERNARD MORRY . . . Mr. Johnson's hard-working private secretary is considered to be immune to all feminine attraction. He doesn't believe in "Cupid" and he thinks that the word "amour" refers to a native of North Africa.

NORMAN ODWAK . . . Norm flashes to school in his sleek '57 Pontiac convertible. Europe, Florida or New York. Where were you yesterday, Norm? He can always be depended upon to get good marks.

AL PARKER . . . As our social rep, Al was responsible for the many parties enjoyed by us throughout the year. Al is our bet to send up Canada's first guided missile.

ROY PASIEKA . . . Roy has a perfect excuse for skipping English — he is usually kicked out. This handsome "lady's man" was a star for the St. John's Tigers and the soccer team.

GRADUATES - 1958

ROY PEARSON . . . President of 40 and also our council rep. An avid sportsman, Roy enjoys bowling, rugby and basketball. Roy plans on going to "U" next year. He has made an intense study of feminine pulchritude.

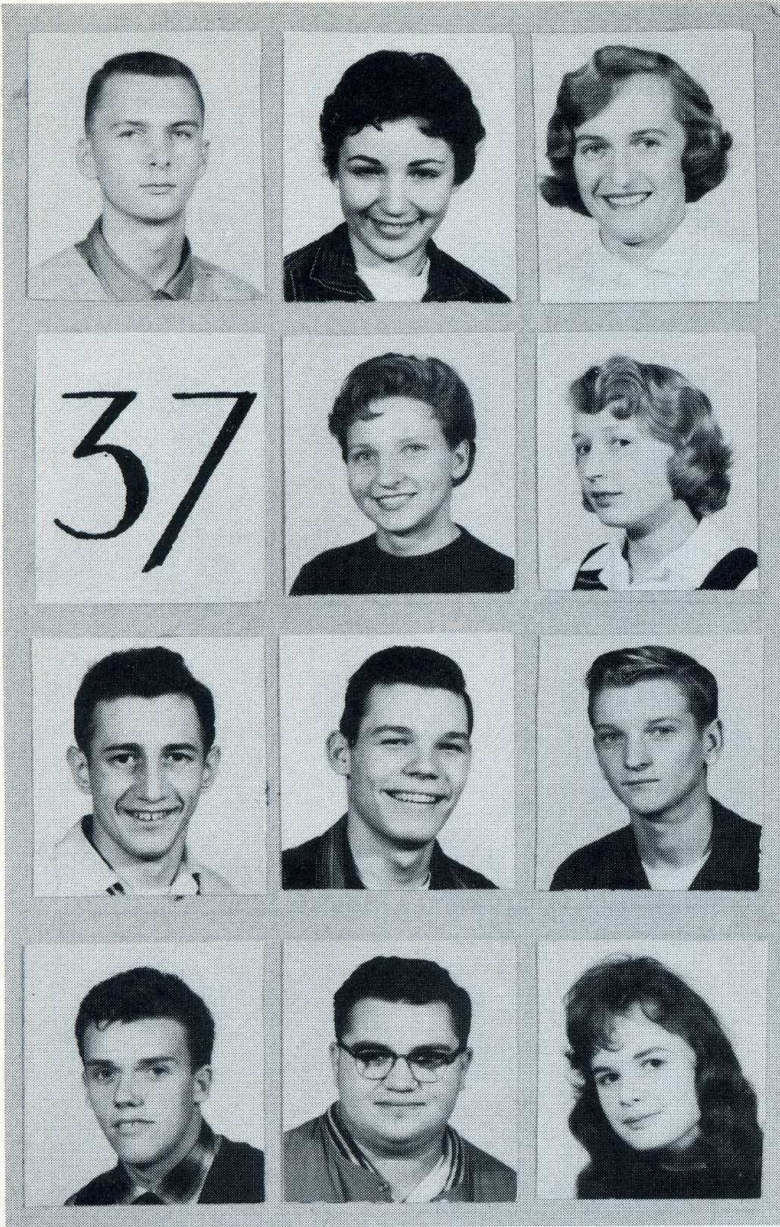

DANUTA PILARSKI . . . "Parley-vous francais?" etc. etc. Danuta is an active participant in the French club and one of the conscientious students in the room. Best of luck to your future!

JERRY RATNER . . . Room 40's answer to Perry Como (as a barber.) Jerry's singing should lead him far from . . . er in the entertainment field. He spends his noon-hours solving international problems, between sandwiches.

ED SENYSHEN . . . "Pop" considers himself a man now that he shaves. He is regarded as a non-conformist by his classmates. The reason—he studies. A proficient golfer Ed broke 200 last time out.

ROY SOBCHUK . . . Friendly, helpful, and a perfect doll (he says) is the way to describe Roy. He is reputed to be a "killer" but up to now all he has done is murder the English language.

VICTOR STECIUK . . . A hard worker in and out of school, Vic is one of a noisy quartet in French. Vic gets his exercise by escorting Miss H.O. home from school everyday.

DAVE TURKO . . . Dave is one of the quietest and nicest guys in Room 40. This boy believes in "playing it cool" and letting the girls chase him. His ambition is to marry a girl who can support him.

NADIA YARENKO . . . "Miss Muscles" (looks are deceiving)—tutors the MEN of '40. She firmly believes that "one man in the hand is worth two in the bush," but that doesn't mean you can't keep your eyes open.

DIANE ZEGLINSKI . . . Always seen and always heard. Blondie misses no chance to give us her opinions. "Dennie" is a stout Tiger fan (all 16 tons of her). Plans to be a doctor but will settle for housewife with the "right guy."

Room 37

DONNA ANDRUSIAK . . . Donna's terrific marks leave us all far behind — especially in the Maths. dept. She's giving our room a bad name! All kidding aside, Donna, whose ambition is to be a teacher has a great future before her.

RUTH ANHANG . . . This pert blonde was a valuable player for both the inter-high and inter-room basketball and volleyball teams. We wonder where she gets all her energy. Ambition: Physical Education teacher. Beware Miss Ritchie! Fate: store-keeper.

FRANK BAHRIE . . . Frank's eerie noises never fail to startle and amuse us at the most unexpected times. Seems "Mr. Relaxation" just can't keep going without his little naps before, during and after each period.

DANNY BERK . . . We seldom hear, speak to, or see Danny, who can usually be found haunting the main floor. We're beginning to think he doesn't enjoy Room 37's company. Danny was a valuable addition to Mr. Pastuck's tumbling team.

JAMES BORKOWSKI . . . James flew in with the fish flies from Winnipeg Beach bringing to four the number of Latin scholars (?) in our room. Anywhere else his quietness would not be unusual but in Room 37 it's phenomenal.

RON CHOPEK . . . One of Mr. Manishen's prize French scholars, Ron amazed Mr. M. with his exciting new translation of "Colombe," completely different from the standard version. A stalwart of the football team, Ron was also very interested in the school politics.

JERRY HOLT . . . What is it? Heiroglyphics? Chicken scratchings? No, it's Jerry's unique script—even he can't read it. Our capable Veep continually plagued the teachers with his astounding theories. He is a hard worker and sure to succeed.

ELIZABETH JOHNSON . . . Elizabeth is beautiful, intelligent, popular, generous and modest (and the author of this write-up owes her \$15). In spite of many gentle hints from her friends, she won't part with her long hair; claims she "needs something to hide behind."

As we leave St. John's . . .

RALPH JOHNSON . . . Ralph comes from way down south (South End that is) and is the only boy in Room 37 who has his own car to drive to school. Maybe that's why he's so popular with the girls . . . when it's time to go home. ("Can I have a ride home Ralphie?")

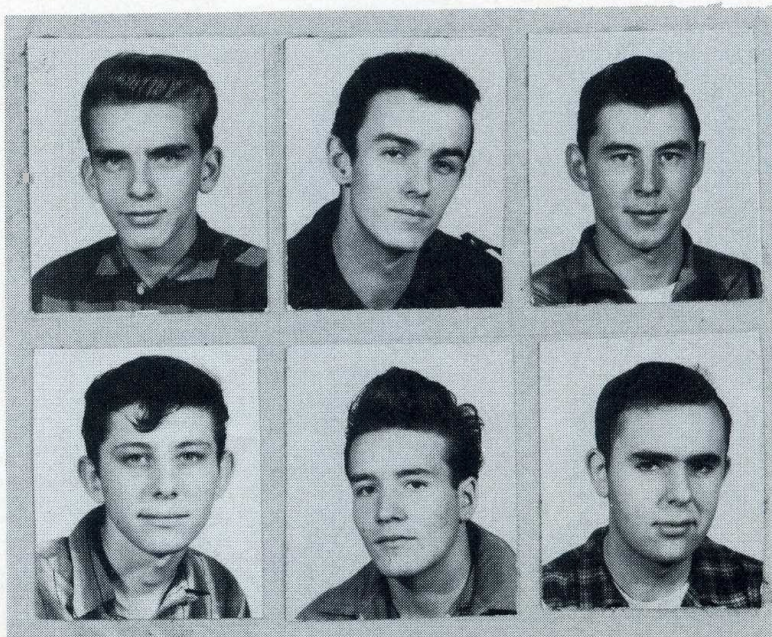

BENNY KOLLINGER . . . This tall, dark, handsome, intelligent, and popular lad has all the girls swooning over him. (O.K. leggo my arm willya Benny!) Benny seems to have quite an interest in the Friday night flights at Stevenson Field.

WALLACE KOMONKO . . . Wallace works very hard and proves it pays off. He keeps the C.P.R. in business visiting old hometown of Meleb every week-end. What's the attraction, Wallace?

HUGH KOROL . . . A certain someone is quite happy that Hugh decided to leave Kelvin for greener pastures—namely St. John's. A history student par excellence??? Hugh's favourite remark is, "Will you please repeat that, Miss Vant?"

MYRON KOWAL . . . "The Shadow" plays it cool. He's the strong, silent type who has the teachers fooled. They think he's working! Actually he's dreaming about Cadillacs, Lincolns, and blondes.

KEN LERNER—Ken is one of the "quieter" (???) members of our class and is known for his wit and sense of humour. Ken can usually be found arguing with Jerry about "something important."

BILL LUCIW . . . Bill belongs to the clan of quiet men in Room 37 and is always very anxious to skip out about five minutes to four. Who are you so eager to meet, Bill? If he ever gets stuck Bill can always teach handwriting, it's his pride and joy.

ELINOR MELOVITCH . . . Elinor, our sports captain, can be seen every noon hour at Salter Drugs busily putting up a smoke screen. Who are you hiding from, Ellee? All the girls envy her slim figure and grace—she floats! Ambition: nurse.

BORIS NAZAREWICH . . . This guy never seems to have a care in the world. His conservative fluorescent orange jacket keeps us awake during Lit. periods. All kidding aside, he's a swell kid and we wish him the best.

BERNIE NELSON . . . Bernie, who was the star player of the Senior Boys' Basketball Team, plans to go "south of the border" next year. He has an aversion to history but attends class eagerly. Maybe he wants to check his dates.

ELIZABETH ROGERS . . . The other half of the Zarzycki—Rogers duo is our class president, who carried out her duties very efficiently. This pretty, blue-eyed lass plans to enter nursing in the fall—those lucky patients. Good luck, Betty!

GARY ROSMUS . . . Each morning at 11:45 Garry can be seen sneaking out of the room, but he never leaves till 11:50 after a lecture from Miss Ross on the "Preservation of Precious Time." By June he should be an expert on the subject.

JOANNE ROSTEK . . . This little girl still hasn't recovered from her trip to "S.F." last summer. "L'il Hinkle's" favourite saying—"I'll stand on a chair and beat you up! A "Peanuts" fan deluxe, Jo can often be seen chuckling over the latest one with her buddies.

JACK SCHNOOR . . . Although Jack is an avid sports fan, he limits his own activity to the piano accordion. The better half (he says) of the Luciw-Schnoor team, Jack plans to be a Chartered Accountant and is bound to succeed.

CAROL SCHWARTZ . . . Paul Newman makes half of his income selling his pictures to Carol. Her favourite pastimes are: TV, Paul Newman, movies, Paul Newman, (Not to be mentioned) and Paul Newman. Our songstress plans to take an Arts course at United College.

MAXINE SHELTON . . . "Shelton" can usually be found raking in the money at Safeway or mowing down the innocent pedestrians in the street. Maxine plans to become a school teacher. Her wit and sense of humour are displayed in some of the write-up??

EDWARD SMITH . . . We're finally getting used to calling Ed "Ward". Don't worry Ward, "You'd be the same by any name" (misquoted again, Miss Ross). Our harassed social rep. is planning a party in Peanut Park as no one will donate his house to the cause.

JOAN TRIETHART . . . Wanting to gain experience for her chosen career of nursing, Joan worked in a slaughter house last summer (Can. Packers). Joan worked on the Torch, and Technician, played the Sr. Girls Basketball Team, curled and still maintained a decent average. Been for any elevator rides lately?

. . . we leave happy memories behind:

ROY TURNOCK . . . Roy is Room 37's answer to Marlon Brando—complete with jacket, boots and motorcycle. We often wonder what Roy is hiding under his black leather creation as we've never seen him without it.

JACQUELINE WISE . . . Jackie and Miss Vant belong to a mutual admiration society. In fact, Jackie is sometimes given the rare privilege of occupying a front seat. Jackie, who was our capable secretary and also one of the cheerleaders must eat her wheaties regularly because she abounds in energy.

ELIZABETH ZARZYCKI . . . "Liz" never seems to have enough money to last her through the week, despite her job at Woolworth's. She always looks exhausted Monday morning . . . lack of sleep?? Liz's favourite saying, "It was never like this at Newton!"

JUNIOR GRADS Room 5

JACK BUCHALTER . . . Jack is always in a rush to reach Room 26 every afternoon. We often wonder if Miss W. takes his WOWs and GEEs as compliments or otherwise. Jack's real interest lies in the sports field. He contributed to all our inter-room and inter-school teams.

JERRY BURZIUK . . . One of Room 5's best dancers, Jerry is always in demand with the girls, when it comes to P.T. tests. (He says he is not interested in other sports.) A very quiet chap, Jerry won't tell us what he plans to do in the future.

DOROTHEA BYE . . . Dot is Room 5's secretary and council rep. She participated in inter-room volleyball and basketball. She can usually be seen toasting marshmallows over one of Mr. Harder's Bunsen Burners. Dot plans to be a nurse.

BERNICE CHURA . . . Here is a girl who is active in singing, sports, and dancing. Every week she walks into the room screaming about the new boy she likes. Bernice's hobby is "plain old boys."

LYNN CUDDIE . . . Cuddles is "head of the Rudolph, Gusnowsky Incorporation" (non-profit organization.) One of Room 5's bombshells, Lynn has one ambition: to be housewife of that former St. John's student, B. F. Fate — dishwasher.

ALLAN DUDAR . . . Allan took an active part in most sports, playing on the rugby and basketball teams and curling in the High School Bonspiel. We wonder where he is in study periods, but this boy is always ready with an excuse.

BOB DUDAR . . . The noisiest boy in the world, loves money, any kind of money. With Bob every penny counts. Bob was Boys' Sports Editor for the "Techonian" and also curled in the High School Bonspiel. He can usually be found at the Curling Rink.

BILL FULCHER . . . Our quiet president finds it hard to stop the fights in Room 5. Bill is one of the few who have the "brawn and brain" combination. Rugby, basketball and you name it in the sports world, Bill will try it.

GLEN GENEJA . . . Glen has been around this school so long that everything has been said about him. He can never be found when needed and does not believe in writing out school notes. After all, what do we get school books for?

BARRY GUSNOWSKY . . . Barry is our import from St. Paul's. Where there's Barry, there's his "bomb". Barry has a brain for Maths, Art, and GIRLS. He just got used to our school and to becoming a taxi driver for the girls, when he decided to quit.

GLYNIS HENRY . . . Glynis is our Champion Ice Skater who poses for calendars, in her skating outfit that is. She does quite well both in studies and in sports. Fate: Ice-cleaner for the Winnipeg Warriors.

VICTORIA HORECZY . . . This real quiet girl hails from Isaac Newton. She believes in the saying "silence is golden." Typing and History are Victoria's favourite subjects. She plans to spend another year at "Tech."

BOB KOLT . . . "I can get along in this world without anyone's help." has been Bob's saying lately. He takes an active part in sports yet his marks do not suffer . . . well, not too much. He's a nice guy to have around.

RICHARD KOLT . . . Rich is very good in school and seems to like History very much. Rich acts as a bodyguard for B.C. or is it B.C. for Rich? We wonder. This chap also takes an active part in sports.

We took ballroom dancing in the auditorium

VICTOR KOWALEWICH . . . Vic's being elected school president brought room 5 "up out of the basement." As well as playing for the Tigers, Vic coached the girls' basketball team and danced in the variety concert. Ambition: P.T. teacher. Fate: Water boy for Tec. Voc. Hornets.

BOB MacKENZIE . . . Bob was active in all sports and particularly excelled in tumbling. (But his favourite subject is typing.) After four Bob can be seen at the B. Drugstore, hiding behind a cardboard box.

ED MARYKUCA . . . Ed can always be seen catching 40 winks during "Macbeth." "Do not startle the sleeping beauty," quotes Mr. Beer. Ed is one of the lucky ones; always seems to have a note after having been absent.

MARY ANN MEDER . . . This blonde bomb-shell tops them all in dancing. She can usually be found in the middle of a bunch of boys. Since her timetable has been changed she has been lost in the school (only to be found by BOYS.)

JOYCE NEIGHBOUR . . . Joyce who hails from Darlingford, is an active student at St. John's. Although she tries very hard she is baffled by "our crazy mixed-up P.T." Joyce plans to be an Airline Hostess.

DON PHIMISTER . . . A handsome model for St. John's soccer jackets, Don doesn't slip in his academic standing when he takes an active part in sports. His favorite subjects are Chemistry and History. How could he!! His social life . . . well, who is it, Don?

ERNIE POCALYUK . . . Ernie picked up a cute nick name this year: "IRENE". Irene loves sports and is always refereeing the Dudars' quarrels. This guy loves gambling, yet he manages to keep up his studies, even History.

ART RAWLUK . . . Art is always fighting with Mel over who takes the car THIS time. This boy likes sports and school, but . . . it's hard. We know. Art's pet peeve is history period when he is always told to "Spit out your gum and next time I catch you . . . !"

MELVIN RAWLUK . . . Mel takes a great interest in History and is one of the few who can get his History notes completed on time. Favourite saying, "Art, get my lunch." Early in the year Mel made friends with our school pet, the janitor's cat. (meowoo.)

ED RUDOLPH . . . Our blond-headed Romeo has many interests: cars, girls, drugstores, girls, Lockport, girls, STUDY??, girls and girls. Ed does well in his school work and is well-liked by all.

JOHN SAWCHUK . . . A boy who keeps to himself but shows through in his studies, John always has a ready smile for everyone. This gentleman really has manners, which fortunately have not yet been ruined by Room 5.

BARRY SEGAL . . . Take it easy Barry. The world is full of them! (females, that is.) Barry is an asset to our room when it comes to soccer and Composition?? It's all right Barry, Room 5 would not be the same without you. Mr. McPherson's "Favourite board-washer" title has been bestowed upon him.

CHRIS SEIFERT . . . Chris has become famous for saying "How can you understand Shakespeare when he writes ridiculous English?" Not everyone enjoys the finer things in life, Chris. Nevertheless Chris shows his abilities in Chemistry and Art.

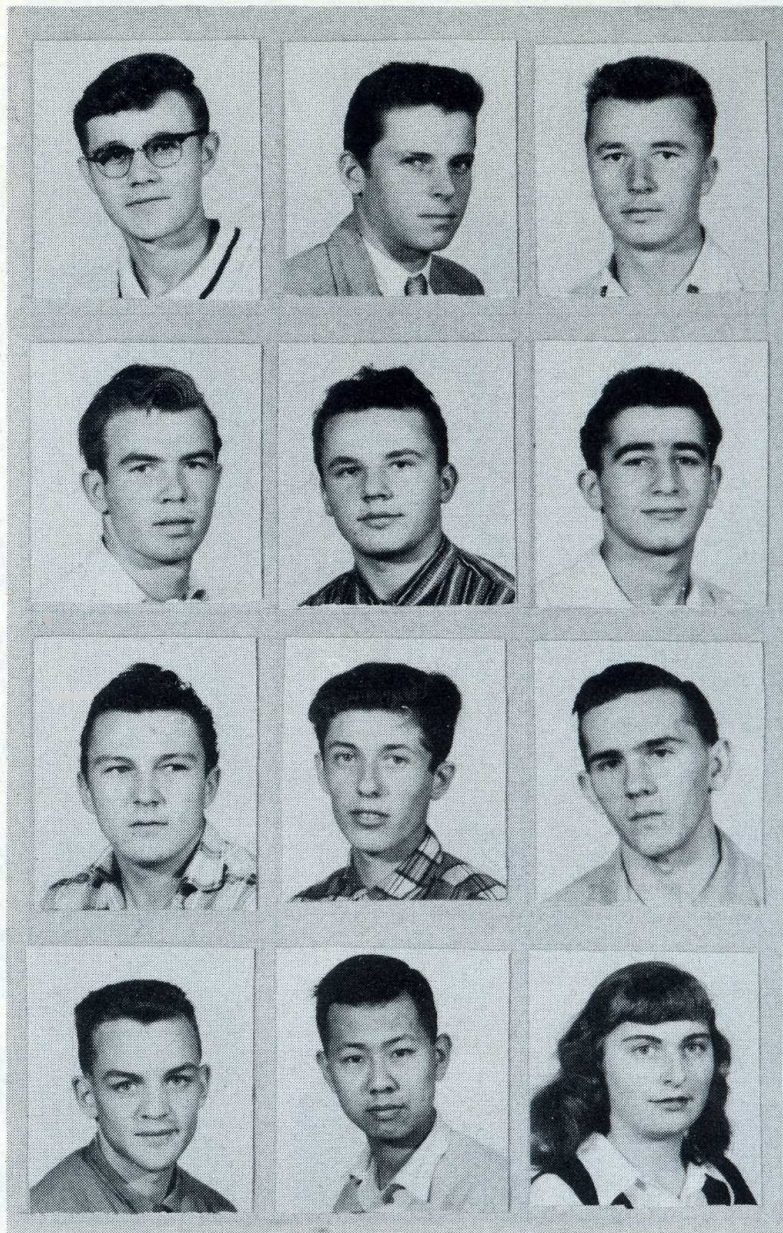

PETER STEPANIUK . . . Pete is one of the quiet personalities in Room 5 and does well in his studies. He seems to take a great interest in English. Pete is destined to be one of the Wheat Kings in 1968.

ROUGH SEASON FOR TIGERS

THE 1957 St. John's Tigers, a young and inexperienced football club, found the going quite rough. Playing seven games, the Tigers were victorious in only two.

In a well balanced league, St. John's was triumphant over Gordon Bell. The other victory came in an exhibition game with Kenora.

The game against Tec-Voc was considered to be the best-played game. The Tigers were defeated by a narrow seven point margin. Time ran out when St. John's was beginning to roll.

Thus, St. John's Tigers, under the capable coaching of Mr. Russ Pastuck with assistance from Dick Bonnycastle, had a mildly disappointing year. Making up for this was the tremendous play of St. John's two all-stars, Saul Buchalter and Vic Kowalowich. Saul Buchalter, the team's top scorer was chosen for the offensive all-star team while Vic Kowalowich, the mainstay of the Tiger's line was chosen for the defensive all-star team.

TOP ROW: Mr. J. E. Ridd; Mr. R. Pastuk, coach; Mr. M. McPherson, coach.
 SECOND ROW: Mr. C. J. Burrows, manager; Murray Altose; Jim Brownrigg; Saul Buchalter.
 THIRD ROW: Jerry Shernick; Ron Chopek; Bryan Courtnay; Bill Didyk.
 FOURTH ROW: Andy Dilay; Allan Dudar; Bob Drysdale; Sheldon Earn.

Good play was also produced by Raymond Faryna, Bill Fulcher, Bob Kingsmill and Gregory Kurdydyk. Jim Brownrigg, Allan Dudar, Jim Fielding and Ron Chopek also played well.

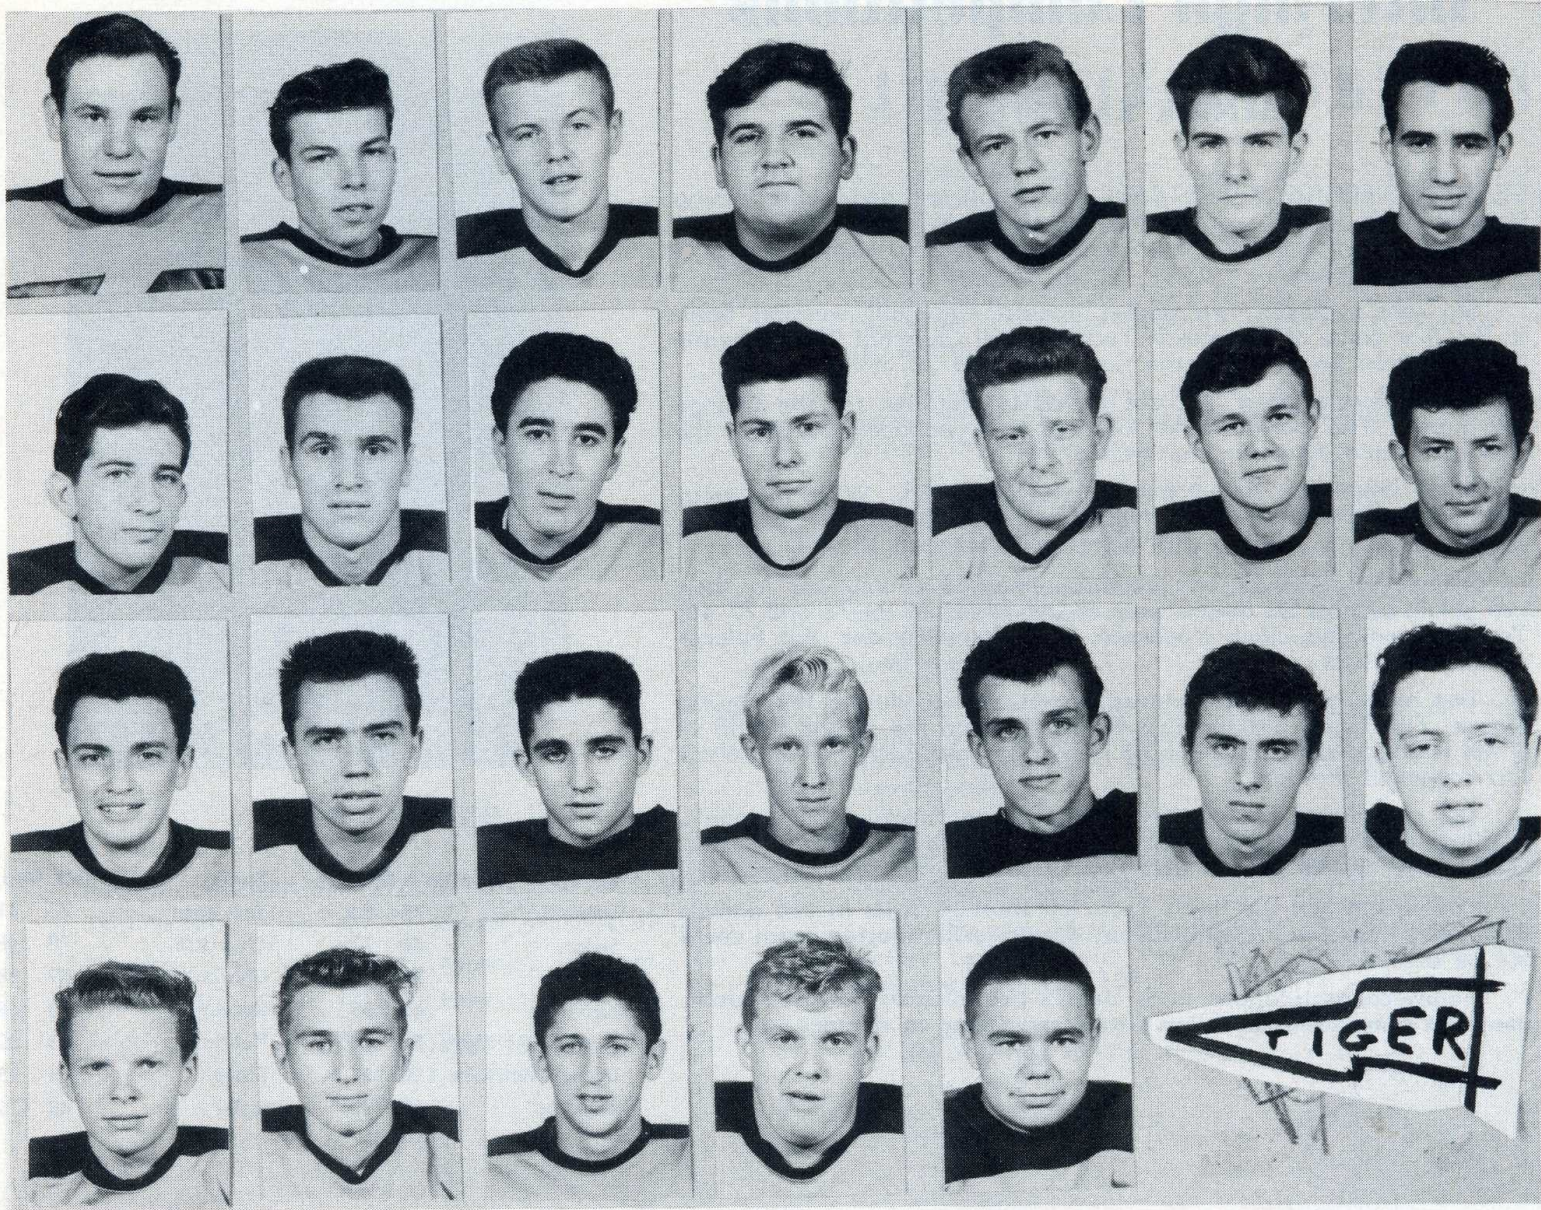

Many thanks to the players, coaches and managers who put forth all their effort in providing a most enjoyable season.

Sisler Wins Opener Over Tech.

The Spartans from Sisler made St. John's 1957 debut sad. Having more experience, the Spartans had the best of the battle by a score of 35-0. The game would have been a total failure for Tech except for some sparkling play from Vic Kowalowich and Bill Fulcher.

Tigers Improve Against Daniel

Greatly improved over their first game, St. John's rolled for three T.D.s, but were still defeated 40-26. Saul Buchalter, Tech's shining star, ran wild as he scored all three T.D.s. Bob Kingsmill in the quarterback slot played a tremendous game.

TOP ROW: Ray Farena; Jim Fielding; Bill Fulcher; George Gelhorn; Mike Hlady; Bob Kingsmill; Eugene Kogan.
SECOND ROW: Ron Koffman; Vic Kowalewich; Greg Kurdydyk; Sheldon Lapkin; Jack London; Ernie Pocalyuko; Roy Pasieka.
THIRD ROW: Norman Portnoy; Steve Roik; Sam Sorbit; Jim Sowa; Eugene Senicki; Steve Sudak; Harry Topper.
FOURTH ROW: Larry Wachal; Wayne Wagner; Benson Wincure; Bernie Wolchok; Allan Zajac.

Tec-Voc Edges St. John's

Tec-Voc edged past St. John's 19-12. The seven point margin was no indication of the game. Getting all the breaks, Tec-Voc just narrowly missed a defeat for the Orange and Brown were on their way to a T.D. when time ran out. Saul Buchalter once again scored all of St. John's points on two T.D.s.

Kelvin Sweeps Past Tigers

Kelvin outclassed Tech by a score of 27-6. Bill Fulcher scored the Tiger's lone T.D. after Al Dudar had picked up a Kelvin fumble. In the first half St. John's had looked like a winner but youth told on them in the second half.

Orange and Brown Defeated by St. Paul's

In the fourth game of the season Tech was defeated 18-6 by a good team from St. Paul's. Al Dudar scored St. John's T.D. on a pass from Saul Buchalter. Players like Vic Kowalowich, Bob Kingsmill, Ray Faryna, and Gregory Kurdydyk played their best but in vain.

Tech Conquers Gordon Bell

With a 65 yard touchdown pass the Tigers defeated Gordon Bell by a score of 7-6. The pass was thrown by Bob Kingsmill and was caught by Al Dudar. It was converted by Bill Fulcher. Thus, St. John's ended the season with their only victory.

St. John's Humble Kenora

Playing an exhibition game at Kenora, Tech, with a last minute touchdown by Bill Fulcher defeated Kenora 13-6. Bill also scored the other Tech touchdown. Bob Kingsmill and Al Dudar played well.

Interhigh Competitions

SENIOR BASKETBALL

ST. JOHN'S SENIOR BASKETBALL TEAM, playing good, entertaining basketball all season reached the city finals. With the efforts of all the players combined the team ended the season with a record of 7 wins and 3 losses.

St. John's played two games against Churchill winning both. In the first game of the season Tech crushed Churchill 99-38. Bernie Nelson scored 36 points in the first game and 30 in the second.

Two games against Tec-Voc ended in victories for the Orange and Brown. The Hornets from Tec-Voc were walloped 83-33 in the first game and 73-41 in the second.

Daniel McIntyre heard the Tiger's roar twice. With the great play of Bernie Nelson, Glen Woods and Ron Golovitch, St. John's sent the Maroons packing with scores of 84-44 and 112-51.

Sisler, the eventual city champs, emerged triumphant in their two games against St. John's. Even though losing by 94-76 and 77-46, Tech showed well. Nick Yacheson, Ron Golovitch and Bill Fulcher played their best.

Two other games were played against Kelvin during the regular season. The Tigers lost the first 59-46 but won the second 57-55 in a real thriller. With a last-minute basket by Saul Buchalter St. John's just squeaked through.

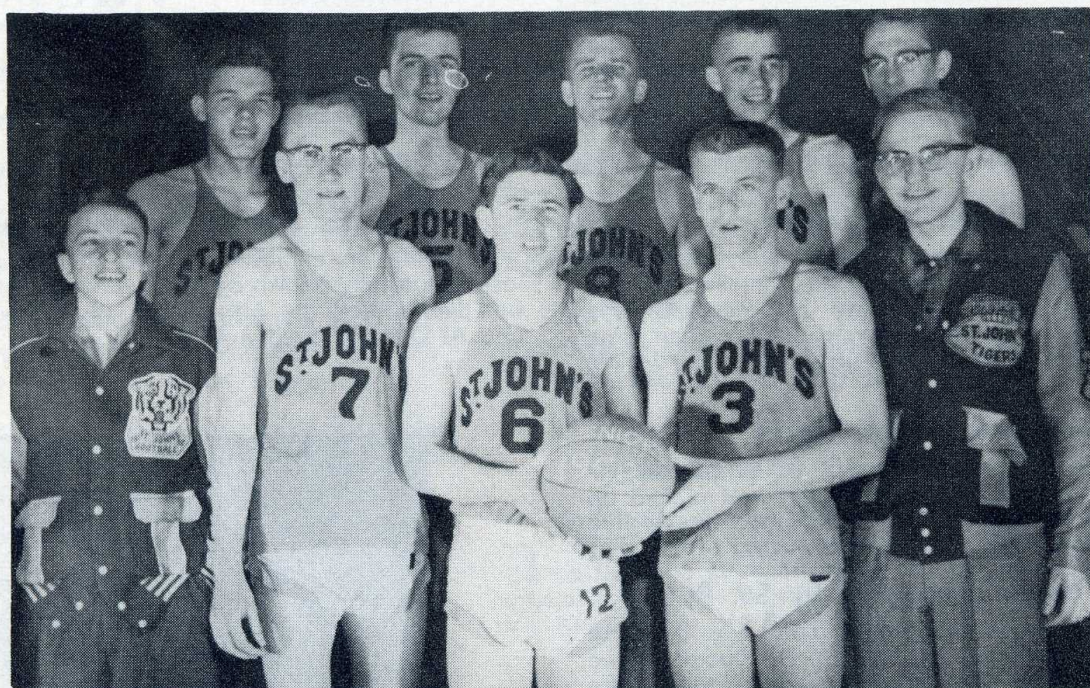

The semi-finals against Kelvin resulted in victory for St. John's. In a total-point two game series the Clippers were put down 136-130. Glen Wood, Bernie Nelson and Ron Golovitch were the top scorers.

Having reached the finals Tech fell short to Sisler in two games. Both games were well contested but the powerful Spartan team could not be denied.

Finally congratulations to St. John's two all-stars, Bernie Nelson, the team's top scorer and Ron Golovitch, a star on defence.

JUVENILE BASKETBALL

ST. JOHN'S JUVENILE BASKETBALL TEAM, reached the semi-finals and represented St. John's with much spirit. They ended the season with 3 wins and 3 losses.

In the first game against Lord Selkirk, St. John's with sparkling play moved ahead to stay in the first half, and won the game 44-35. Bob Kingsmill and Winston Wolfman produced top scores.

The Tec-Voc Hornets buzzed past St. John's in the second game 53-44. Eugene Senicki and Benson Wincure fought bravely in a losing cause.

The Panthers of Gordon Bell out-roared the Tigers to the tune of 47-42. Winston Wolfman and Eugene Senicki were St. John's top performers.

Once more did defeat hit the ranks of St. John's as Sisler Spartans, the eventual winners, out-battled Tech 70-54. Bob Kingsmill, Marvin Mogul, and Gerald Wexler tried to hold them back.

The Tigers roared once again as they defeated Daniel McIntyre 69-54 with Eugene Senicki and Marvin Mogul posting up top scores. Barry Setnor and Norm Portnoy also put forth winning efforts.

In a real thriller, the Kelvin Clippers were clipped 61-59 by the Tigers. Bob Kingsmill and Eugene Senicki proved to be stand-outs in the game.

In the semi-finals against Sisler, Tech came very close to victory as they split their two games but the total-points favoured Sisler 104-101.

A great deal of praise to Bob Kingsmill who was chosen for the Juvenile all-star team.

Senior Soccer Team Has Good Year

St. John's Senior Soccer team, under the watchful eye of Mr. Popiel, reached the North Division finals.

Two games were played against Tec-Voc. The first game resulted in a win for St. John's as Allan Dudar and Art Rawluk scored one goal apiece. The game ended in a 2-0 shutout for Nelson Rudelier. St. John's was not as fortunate in the next game for they were defeated 2-0.

Two games were also played against Lord Selkirk. Both games were very close. In the third-quarter of the first game, Lord Selkirk scored on a penalty shot. The final score was 1-0. In the last game there was no score until the third quarter. Then Gary Sussman scored St. John's lone goal. Later in the game, Lord Selkirk tied the score and the game ended in a 1-1 tie.

Because of the win and tie against St. John's, Lord Selkirk won the North Division championship by one point.

It was a good year for St. John's with Bob Kolt, Bob Dudar, Barry Segal, Bernie Nelson and Jim Hisenaga giving outstanding performances.

Juniors Play Well

St. John's Junior Soccer team played very well this year although they didn't win any championships. They played three games during the season winning one and losing the others.

The first game was played against Daniel McIntyre at St. John's. St. John's was defeated by a 2-0 score despite the valiant efforts of Garry Komar, Tom King, Bob McKenzie and Jack Buchalter.

The second game, also against Daniel McIntyre resulted in a 2-1 loss for St. John's. The lone St. John's goal was scored by Richard Kolt. Also aiding him in the game were Bernard Blazeiko and Keith Driber.

The final game was played against Tec-Voc. St. John's was victorious by a 1-0 score. Gerd Henke scored the winning goal and Jim Jacques, the goalie had a shutout.

All in all, it was a good season for the juniors. They gave a good account of themselves in every game.

Seniors Make Finals

After several practices in dribbling, shooting, and passing under the skillful coaching of Vic Kowalewich, the Seniors were well prepared to begin their schedule. All this practice had not been in vain for the Seniors defeated any team that fell in their path. However their long string of victories was cut short when they matched skills with the powerful Tec-Voc. team. Nevertheless this loss didn't dampen their spirit and they managed to complete their schedule in the finals. After downing Daniel McIntyre their hopes turned to winning the next games against Tec-Voc. to seize first position. However St. John's was defeated by Tec-Voc. with a heart-breaking margin of one basket.

Juniors Very Close To Semis

Well it seems as if all the practices in the wee small hours of the morning and the late hours of the night paid off. No sooner had they started their practice sessions, the games started rolling around. They played quite well for their first three games but then lost to Kelvin. This didn't allow the girls to lose their faith for they came back to win another game. Unfortunately, they lost to Churchill and because of this were knocked out of the running in the semi-finals. They came in third. Thanks to Mr. Promislow for his very capable coaching in the '58 season.

Such players as Winnie Sunderland and Phyllis Dudeck were great assets to the team.

Volleyball

Seniors Showed Good Spirit

With the arrival of Fall all the interests of the girls turned to the fabulous sport of volleyball. Before long, under the capable coaching of Miss Ritchie, the Senior Volleyball team began to shape up as the result of numerous practices in spiking, serving and passing.

Although the Seniors showed excellent form and spirit, Lady Luck was not with them, for they could not manage to reach the Semi-Finals.

Nevertheless the team did win a few games by the skilful playing of such players as Madeline Keryluk, Donna Stone, Lorraine Dudar, Ruth Anhang and Carol Schettler.

Many thanks to Miss Ritchie for offering her time and her coaching skills to produce a fine Senior Team.

Juniors Didn't Have It

Well it looks as if the junior girls didn't have it this year. All the drills in spiking, passing, and serving didn't seem to help. The first two games on their schedule, against Sisler and Tec-Voc were victorious but the rest of the teams just seemed to over-pass or overserve them.

Thanks to the coaches, Lorraine Dudar and Madeline Keryluk, for passing on their volleyball skills to our junior team.

Some players who were a great asset to the team were: Winnie Sunderland, Judy Kudlac, Phyllis Dudeck, Beverly Woytyshyn, and Carmen Kostaniuk.

Inter-room Volleyball

During the months of October and November, the gym was occupied by teams playing the exciting game of volleyball.

Well looks like room 27 is at it again. After winning the Championship last year, they did it again this term. Win after win after win — this was their path. Their closest game was against room 15 in which they won by 6 points.

Room 36 seemed to have a winning streak. Most of their games were easily won but the closest game, room 17A (26-24), was quite a sizzler. After playing all their games and losing none, they played room 27, the winners of the senior division for the School Championship.

The result of this game was that room 27 won the School Championship against room 36 by the close score of 29-24.

CHAMPIONSHIP VOLLEYBALL GAME

Inter-room Basketball

ROOM 27B WINS BASKETBALL. The 1958 Inter-room basketball games proved to be both exciting and enjoyable for everyone involved. Once again the fabulous team of 27B took the spotlight by becoming the Inter-Room champs after several hard-fought games. They steamed through their schedule winning all of their games except one.

The Junior division was won by a very fast team from Room 36, who didn't lose a single game. This team led on by Winnie Sunderland and Phyllis Dudeck had no trouble scoring point after point.

The final game is one that will be remembered for quite a while. Although Room 36 exhibited almost perfect form, they simply couldn't get those few points to defeat the powerful team from 27. Room 27B emerged the victors after a game of extreme tension.

Tumbling Group Performs in Concert

BACK ROW: Bob Mackenzie, Eugene Senicki, Gordon Sorenson, Bill Sulcher, Bob Kingsmill.

FRONT ROW: Tom King, Don Shapiro, Andy Dilly, Eugene Kogan.

The Tumbling Group met every Monday and Wednesday at 11:30 under the capable guidance of Mr. Pastuk. After long practice, they became experienced vaulters and tumblers. This group gained city-wide prominence. They played benefits for scouts at Knox church and for a Father-and-son meeting at Westminster church. They took part in a play for the Winnipeg Little Theatre and last but not least, were the highlight of our own Variety Concert.

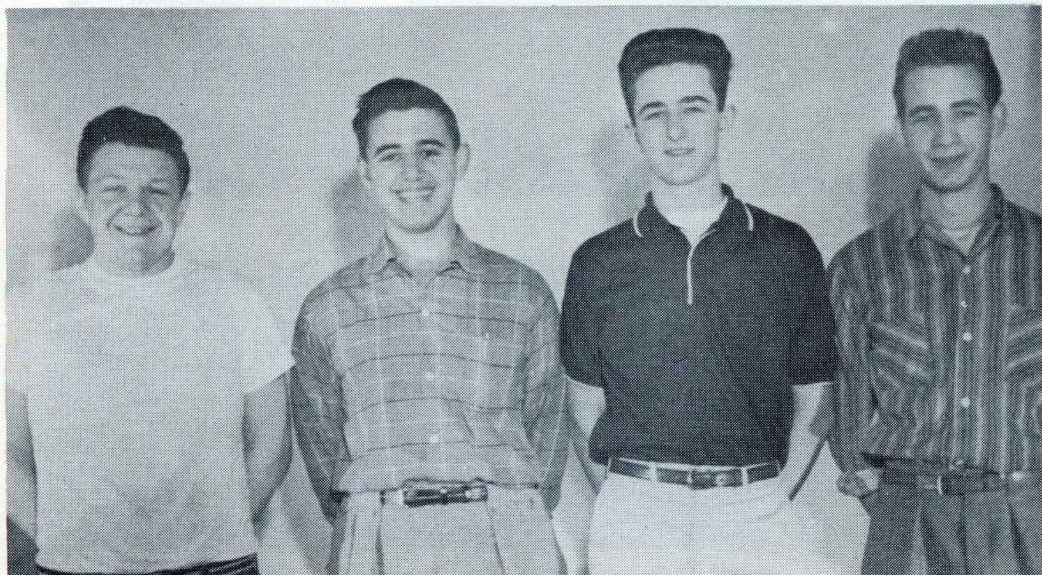

Bowlers Capture Championship

The Bowling Club flourished this year under the presidency of Bert Wolodarsky and the capable guidance of Mr. Laycup. Every Thursday at 4:00 p.m. Cooper Mosienko Alleys resounded to the roar of St. John's bowlers. The winners of the School League were Dick Conner, Charley Weiner, Ron Koffman and Harvey Zimberg of Room 31. Barry Segal, Sheldon Earn, Dick Conner and Henry Frier made up the school team that went all the way to capture the Inter-High 10-pin championship. These same boys with the addition of Marvin Mogul took second place in the Inter-High 5-pin championship. The highest bowling averages were achieved by Dick Conner of Room 31 and Myrna Minuk of Room 26.

Curlers Place in Interhigh Bonspiel

Every Monday at 4:30 from November to March, a group of about 35 enthusiasts gathered at the Maple Leaf Curling Club. The president for 1957-58 was Bob Dudar. In the league semi-finals, Allan Zajac's rink played Arnie Pollock's and Adam Lavitt's rink played Bob Dudar's. Bob Dudar met Allan Zajac in the finals and in an exciting finish Zajac nosed out Dudar 10-9. The curling club was represented in the Inter-High bonspiel by a rink skipped by Adam Lavitt. Shown in the picture are Adam Lavitt, Sheldon Earn, Army Greenberg and Eugene Kogan.

Academic Activities

Governor General's Medal

THIS YEAR'S recipient of the Governor General's Medal was one of our most outstanding students, Margaret Suchaj.

Besides obtaining the highest average in Grade XI, a very enviable 95%, Margaret took part in almost all school activities. She won several events in our school field day and participated in the Inter-High competitions. She was active in our Variety Concert and in a number of clubs, especially the French Club. All of Margaret's work was characterized by the thoroughness, clarity, and excellence.

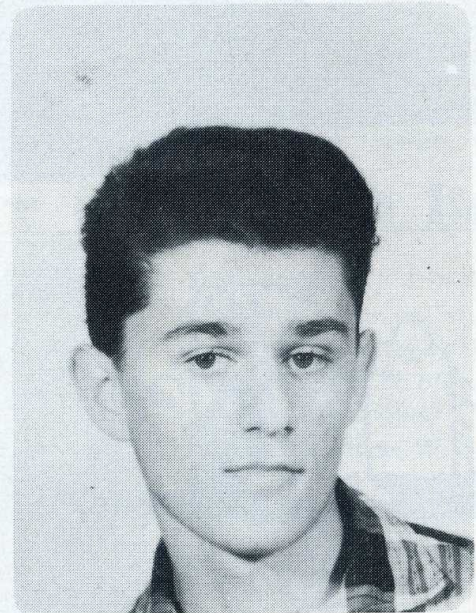

Margaret is very interested in psychology and hopes eventually to mold her interest into a career. We are confident that her outstanding ability and her capacity for hard work will bring her much honour and success in the future.

Staff Award

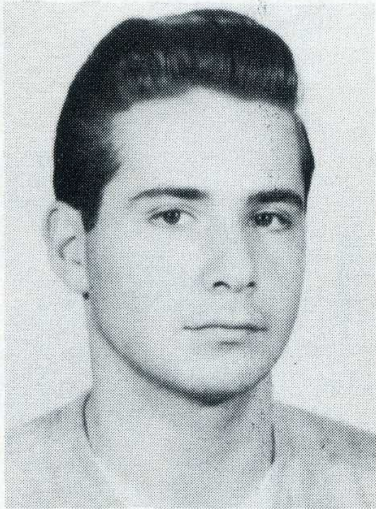

THE STAFF PRIZE for 1957-58 has been awarded to Norman Frohlich.

Norman was one of our top students this year, obtaining an average of 90%. He was active on the school council, particularly on the Social Committee. In this capacity he helped plan our dances and worked hard to decorate the auditorium for these events. Norman also took an active part in Inter-class sports and in the Variety Concert.

In the future, Norman hopes to enter the Science Faculty at the University of Manitoba and eventually make a career of scientific research. Norman's keen mind and outstanding ability are bound to carry him far.

We All Carry the Torch

Council Upholds Traditions

Frances Evaskavich
Vice-President

Vic Kowalewich
President

Reenie James
Secretary

Our Student Council, inaugurated in 1926 by Mr. G. J. Reeve, carried on in the best traditions of the school. Our executive body, however, did not rest on the laurels of the previous years. The projects of this year will be recorded in the history of St. John's on their own merit.

October 1st was the date of their first meeting, the library was the place, and the time was 11:30. Vic Kowalewich formally began his presidency, aided by Frances Evaskavich, vice-president, and Reenie James, secretary-treasurer.

The year's projects were launched immediately. Noon-hour dancing, following its success of last year, was continued under the leadership of Brian Kurtz and Elaine Chernick. For those who wished to study, supervision was provided for Room 29 also during the noon-hour. Following council recommendations, a telephone was installed in the auditorium gallery to eliminate use of office telephones by the students. The Bars and Awards Committee promoted recognition for participation in school activities, while the success of school dances was due mainly to the efforts of the Social Committee.

On the whole we can be proud that we of St. John's elected a capable student government for this past year. They guarded our interests, but also established an essential link with our teachers. In so doing they made the year a memorable one for us.

Members of the student council are:

Front row: Elizabeth Zarzycki — room 37; Reenie James — room 15; Vic Kowalewich — room 5; Frances Evaskewich — room 31; Dorothea Bye — room 5; Gail Gitterman — room 17; Monty Lomow — room 31.

Back row: Eugene Senicki — room 38; Bryan Kurtz — room 22; Bernie Wolchok — room 28; Bob Drysdale — room 40; Deedee Posner — room 13; Sheldon Stear — room 36; Heidi Geisbrecht — room 33; Mary Ann Smith — room 27; Sherman Greenberg — room 12; Eleanor Mitchler — Room 18; Norman Frohlich — room 23; Donna Lee — Room 34; Larry Cohen — room 26; Steve Sudak — room 16; Ken White — room 32.

Missing: Sandra Nezon — room 35.

Council Sponsors Christmas Cheer

The **Christmas Cheer** Project is organized by the St. John's Student Council to provide Christmas food hampers for needy families in the community. This year a committee headed by Doreen Schaefer and made up of representatives from each room was set up. The representatives supervised the collection of food and money for their own room hampers. These hampers were later packaged and delivered by the committee. As a reward to the students who participated in the drive, a Christmas Cheer Dance was organized.

St. John's Holds Open House

This year there was no tea or active Home and School at St. John's. The weakened condition of the auditorium made these impossible. Instead, an Open House was held in which parents were invited to the school to confer with the teachers. Members of the student council were stationed throughout the halls to direct the visitors. After meeting with the teachers, everyone returned to the auditorium where Mr. Ridd addressed the gathering. Refreshments were then served. Both parents and teachers found it an interesting and informative activity.

Choirs Perform with Spirit

ST. JOHN'S has always been a school from which have come many outstanding people of musical ability, and this year has been no exception. Through the media of our school choirs and ensemble, many people have been given a chance to show just what they can do. Although there was no operetta, there have been many choirs this past year at St. John's. These included the choirs for Remembrance Day, Radio Broadcast, School Trustees, Variety Concert, and Graduation.

A solemn atmosphere was produced by the girls' Remembrance Day Choir with the singing of Geoffrey Shaw's "Worship." Early in the year, work was begun on the songs for the radio broadcast which was to be heard throughout Manitoba. The boys sang the rousing folksong "Sourwood Mountain." The girls first sang in unison, the lilting "Czechoslovakian Spring Song," and then in two-part harmony "The Bluebells of Scotland." The mixed choir sang "The Bells Are Ringing" and the lovely hymn "A God of Bethel." This repertoire was repeated at the auditorium for a meeting of the school trustees. The choir also participated in the Variety Concert in February. The programme began with the beautiful "Russian Lament," the beloved "Gardener" by Brahms, and the lively "Skip to My Lou." Out of the large choral group, an ensemble was chosen which sang the melodious "May Day Carol," "Fall On Me Like a Silent Dew," and the "Czechoslovakian Dance Song." All three were sung in two part harmony for alto and soprano, resulting in a pleasing blend of voices.

We thank Miss Knapp for her capable leadership and helping hand, as we look back upon the fun and excitement of this past year at St. John's.

"A CHOICE"

THE INITIAL preparations for "Project X"—into the future—had been completed a week ago. Young had bought a camera and a tape recording machine and learned shorthand. That night when all was ready, we sat down for a snack and wagered against his return.

We had anticipated this moment for over two years now! The launching time was drawing closer and closer.

"Good-bye," I said. "Don't stay too long."

"I won't," he answered in his usual deep, monotonous voice.

I watched him carefully, and he hardly flickered. He must have made a perfect landing on the very second he had taken off from. He didn't seem a day older; we had expected he might spend several years away.

"Well?"

"Well," said he, "let's have some cocoa."

I poured it out; the mug shaking in my hand. I was hardly able to contain my impatience! As I gave it to him I said again, "Well?"

"Well, the thing is, I just can't remember."

"C-can't remember?" I stuttered. "Not even a thing?"

He thought for a moment and then in his usual manner of choosing his words carefully, he answered slowly and sadly,

"Not a thing."

"But your notes? The camera? The recorder?"

The notebook was empty, the indicator of the camera still rested at the "1" where we had set it, the tape was not even set into the machine.

"But good heavens," I protested, "why? How did it happen? Can you remember nothing, nothing at all?" I still hadn't gotten over the surprise and was bewildered.

"I can remember only one thing."

"What was that?"

"I was shown everything, and I was given the choice whether I should remember it or not after I got back."

"And you chose not to? But what an extraordinary thing to—"

"Isn't it?" he said simply. "One just can't help wondering why—"

THE RACE

SECOND PRIZE

by **Claudia Paskov**

THE MINUTES ticked by relentlessly. Time, that's what I needed. There didn't seem to be enough time. It was 8:45. Soon it would be 9:00. Hurry, I must hurry. My breath came in short gasps and sweat dripped freely down my brow.

"Run, run, don't stop now," the words seemed imbedded in my brain. Each word seemed to fire me with a new strength. When would this race end? Feverishly, I glanced at my watch. It was 8:46. I must escape; I had to win. Did I dare risk a glance behind me? No, speed was important now. Suddenly I could hear the steady footsteps drawing closer and closer. They were almost upon me. Somehow I found the power to push onward. The footsteps faded and I caught a glimpse of a white line in front of me. "The finish line," I cried triumphantly, "I win, I win." Too late I felt the footsteps nudge closer. Suddenly a lithe form shot out. A figure which resembled me but was all clad in white. "You lose, Linda," it said. "Go back, you can't run away forever." Wearily I turned and faced my opponent. "Yes I'll go back," I whispered and slowly I turned and walked back down the dusty road. The race was over and I had lost. I must take whatever punishment was dealt out to me, because no matter how fast you run there is one race you can't ever win—the race with yourself.

Poetry

FIRST PRIZE

by **Nadia Yarenko**

"It's dark before the dawn," they say
But is it in real life that way?
Once was I happy; now I cry,
For clouds of grey have filled my sky.

The night has closed in o'er my sun,
No stars peep through when day is done,
No light at all is what I see!
Oh! How long can this darkness be?

When will the light of dawn come through
To turn my black sky into blue?
When will the grey clouds disappear
To show the moonlight bright and clear?

When will I see my path once more?
When will I know what life is for?
"Youth can come but once," they say,
"Live life before it creeps away!"

Could they but see how my heart cries
While in the darkness my soul lies,
Yearning to see that burst of light
That heralds the passing of the night.

Patience is something I must learn
But faith within me seems to burn;
The hope that in my heart resides
Will not ebb out like the drifting tides.

And though the shades of night be drawn,
You, my love, will bring the dawn.

SECOND PRIZE

My Utopia

by **Christel Simonis**

My Utopia is a world of brotherhood and friendship:
It is a place where one man must not fear another;
Where the colour of your skin doesn't bar you from being free;
And, where you can live your own life without being ridiculed
or influenced by stronger forces than yourself.

My Utopia is a beautiful garden,
Where "peace" is the most beautiful flower, and "war" the
ugliest weed;
Where "love" is the sweetest fruit, and "hate" the bitterest
seed;
Where "tolerance" is the tallest tree, and "prejudice" the
driest stalk of grass;
Where life is a dream.

Message from the Art Room

IS ART NECESSARY? How often we hear this question—in school and out of school. Here I would like to answer this very definite question with a very definite answer. Yes, it is!

If we want to acquire a well-rounded education, a fuller understanding of life and beauty, even in our possibly drab, every-day surroundings; to have a personal satisfaction by creating something that will express our own ideas and feelings—we will find all this in Art. Therefore, it is a necessary part of our education.

Work created in our Art Room — no matter how major a project or how seemingly insignificant—becomes an important part of our program which inspires a student to become a better and happier human being.

I speak for many of us at St. John's when I say that we spent an exciting and happy year together—working out a great many projects in a large variety of mediums: Mosaics with beans, wire and paper sculpture, plaster carving, drawing, painting, lino cuts and many others. Later in the year our school acquired a ceramic and jewellery kiln so we started to work in clay. While our more ambitious students worked hard at stone carving. I have been very satisfied with many of these results. Also, we were very well represented in the Art Show at T. Eaton Company, receiving many favorable comments for our entries.

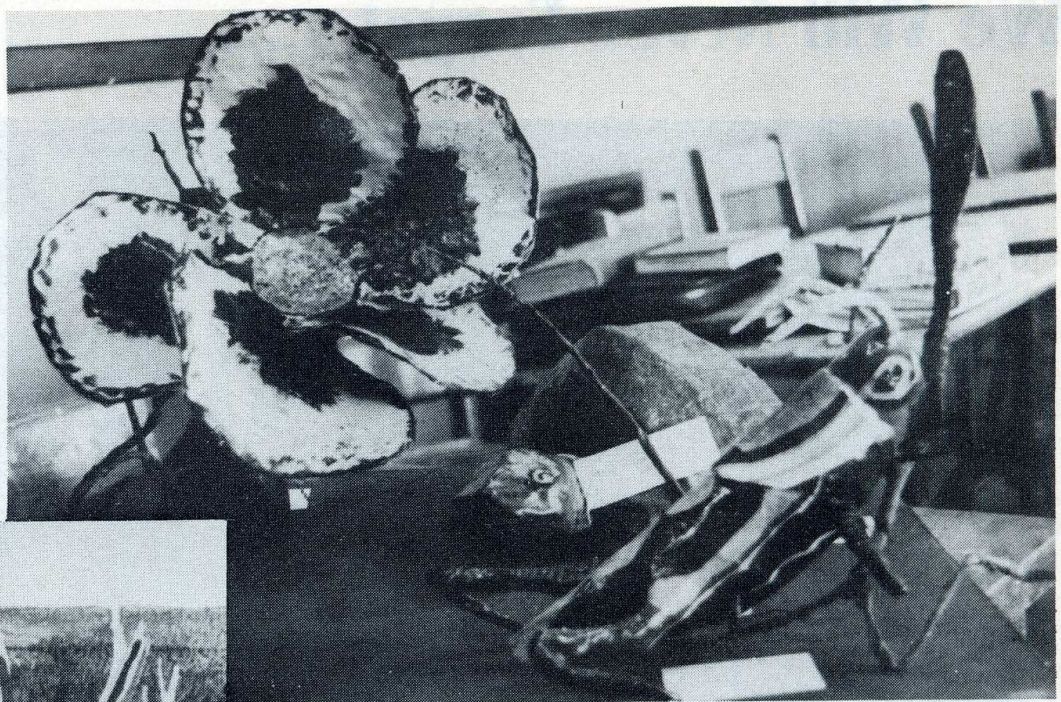

I take this opportunity to congratulate and wish the best to all our Grade XI students, who are leaving us this year. Anne Linder, our outstanding Grade XI student, planning to enter the University of Manitoba Fine Arts School is the recipient of the Reeve's Art Prize. Her intense interest in Art, diligence and serious attitude will be of great help in her studies. We wish her much success in her work, the coming years.

Other students who have shown and put forth a great deal of effort—to mention only a few, are: Chris Seifort, Paul Wong, Russel Semaniuk, Don Phimister, Victoria Fedorjen, Elsie Boychuk, Bill Fulcher and Glynis Henry. Good Luck to you all!

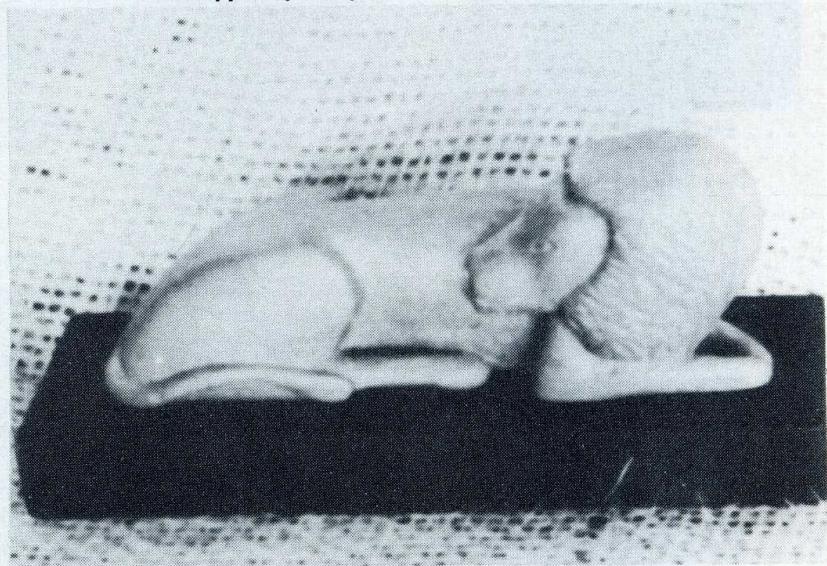

There are many outstanding students in our Grade IX and Grade X Art Classes, whom I am looking forward to see again, next year.

Eva Wolinsky, Instructor, Art Department.

This year has been an average one for our school newspaper, the "Techonian." We have worked hard and have managed to put out a few issues. Our first one was done on a Ditto carbon, but as this proved somewhat unsuccessful, it was decided that the mimeograph machine should be used. This brought much better results.

There were many grade 10 students on the staff, and we are confident that the paper will be in excellent hands next year. It is hoped that in the very near future arrangements will be made for St. John's to have a printed newspaper.

The Junior Red Cross

THE Junior Red Cross was organized with the enrollment of the entire student body. In the remaining months of 1957 the room representatives were briefed on the ideals and aims of the Junior Red Cross. On March 7th the Junior Red Cross High School Council held it's first Manitoba conference. St. John's sent four delegates who listened to the addresses of many International Red Cross personalities. These talks broadened their knowledge of the organization. During the month of March the St. John's division of the High School Council was asked to send volunteers to St. Boniface Hospital to do various types of service work. The response was so great that there was an excess of girls. After the Easter holidays the members were asked to visit hospitalized patients who had their homes out of the city. The Red Cross Club looks forward to next year with the hope of serving their fellow-men.

We wish to thank Miss Handel for her kind permission for the use of the library.

Model U.N. Assembly

DEANNA Shrutwa and Audrey Sanborn of Room 26, represented Uruguay at M.U.N.A., the Model United Nations Assembly, sponsored by the Rotary Club. On April 11th and 12th, counselors and delegates from various parts of Manitoba, Saskatchewan, Alberta, North Dakota, Minnesota and Wisconsin gathered in the Daniel McIntyre auditorium to discuss problems that confront the United Nations. The General Assembly and the block meetings were held in the spirit of the real United Nations at New York.

Two St. John's boys, Ted Chambers and Peter Brauer were among the over-worked pages.

. . . and so another "great" chess battle commences within the confines of Room 25. The members can be seen concentrating around the chess-boards in deep thought.

This year the chess club was well supported and enjoyed by all. The two sessions on Friday and Tuesday noon-hours gave both the patrons of the game and the "kibitzers" a chance to show their talents and lack of talents. It is hoped that the interest in this club will not decrease in the future. Louis Rodkin was the able president for the year.

Debating Club

THE Debating Club, under the capable guidance of Mr. Willows, met regularly at noon-hours on Thursdays in Rm. 28. The Club aided all its members in broadening their general knowledge, and in having a better and wiser outlook on life. "There Should be more Sex Education in Schools," "Capital punishment should be abolished," "Resolved that the United States Is a Dictatorship," "Resolved that Canada should break away from Britain," were some of the topics of interesting discussion informal debate. A formal debate was held after Christmas on the topic, "Exemptions Should be Abolished." After a very interesting debate, the judges declared the Affirmative the winners. The other members agreed that it was a very good debate and all points were well argued. The Debating Club's officers are:

Pres	Rachelle Karp
Vice-Pres.	Rebecca Mindess
Sec.-Treas.	Carol Raber

The Debating Club looks forward to its continued existence next year, with new members and new topics.

Historical Club

THREE junior historical clubs were organized this year at Tech by Miss Whiteside. These clubs were affiliated with the Manitoba Historical Society and its members received pamphlets of information on Manitoba history. The three St. John's chapters were the St. John's Tigers, the St. John's Buffaloes, and the St. John's Explorers. On May 13 these chapters went on a tour of the Winnipeg and the St. Boniface historical sights. Members of the club found it an interesting and informative activity.

The French Club

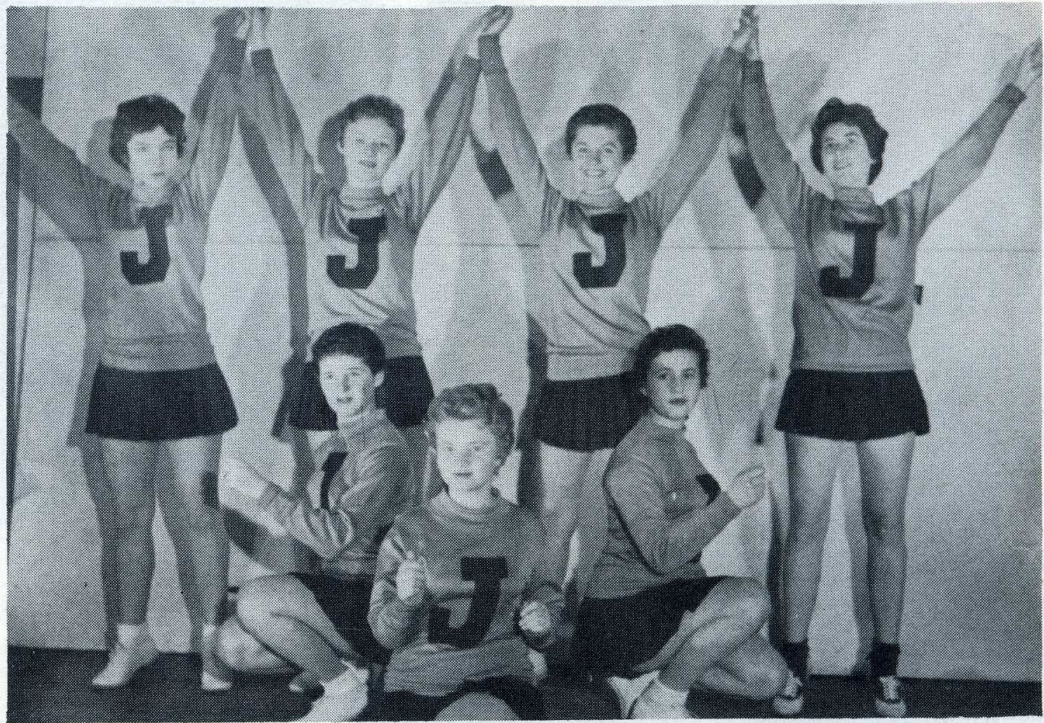

YOU peek in the door, "Ah asseyez-vous, maintenant, dites—moi comment vous avez . . ." Voilà! you have become a member of the French Club.

Under the direction of Mr. Manishen, the club met on Tuesdays, during the noon hour in Room 23. A few times, the club met in the music room and listened to and sang French songs. The members were Sylvia Wand, Sandra and Nicky Desruisseaux, Nora Drory, Gail Steinberg, Annette Finkel, Helen Frank, Rachelle Karp, Margaret Suchaj, Judy Tennenhouse, and Marvyne Jenoff.

Cheerleading

THE cheerleaders, Helen Obrotza, captain; Mary Ann Meder; Vera Stoyko; Carol Bender; Elaine Chernenick; Joyce Safenuik; Sherron Jakul; and Mary Sobczyk turned out in rain or shine to support our rugby and basketball teams. They were the most enthusiastic members of the audience. Each time, they put on a marvellous performance, never missing a game, always ready to bring new hope to the players and supporters when the team was losing, and to cheer them on to victory.

Square Dance Club

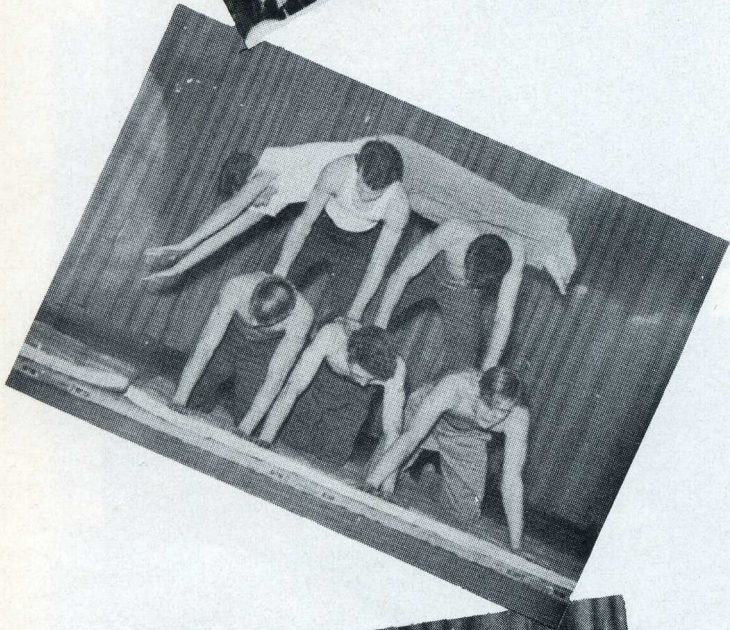

"WELL, SWING YOUR partner and do-si-do and promenade your little lady" was the sound heard from the auditorium on Wednesday noon-hours when the square dance club met. This club, at the commencement of the year, was a mixture of experienced square-dancers and novices. However, by the end of the year, due to the capable aid of Mr. Romanow, there emerged one group of experienced and well-trained square dancers. The executive consisted of Ruby Drysdale, Steve Roik, and Ron Dolynchuk. It is hoped that next year the square dancing club will continue and be as great a success as it was this year.

The Dance Group

THIS YEAR, an interesting addition was made to the Variety Concert. A group of girls was selected by Miss Ritchie to perform a Greek Dance for the concert. The girls practised their "sways" and "triple runs" almost every day for the few weeks preceding the concert. White satin tunics were made for them by the sewing committee under Marvyne Jenoff. The dance, performed by our "barefoot ballerinas" received tremendous applause.

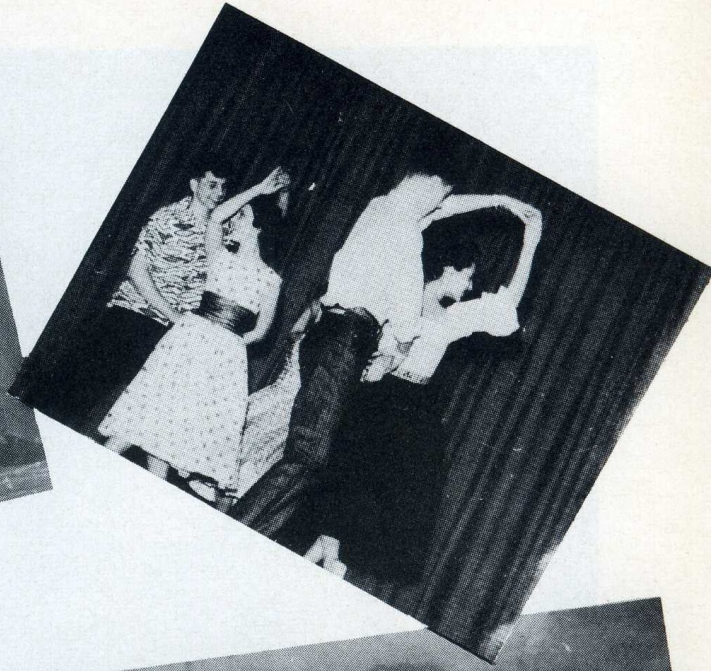

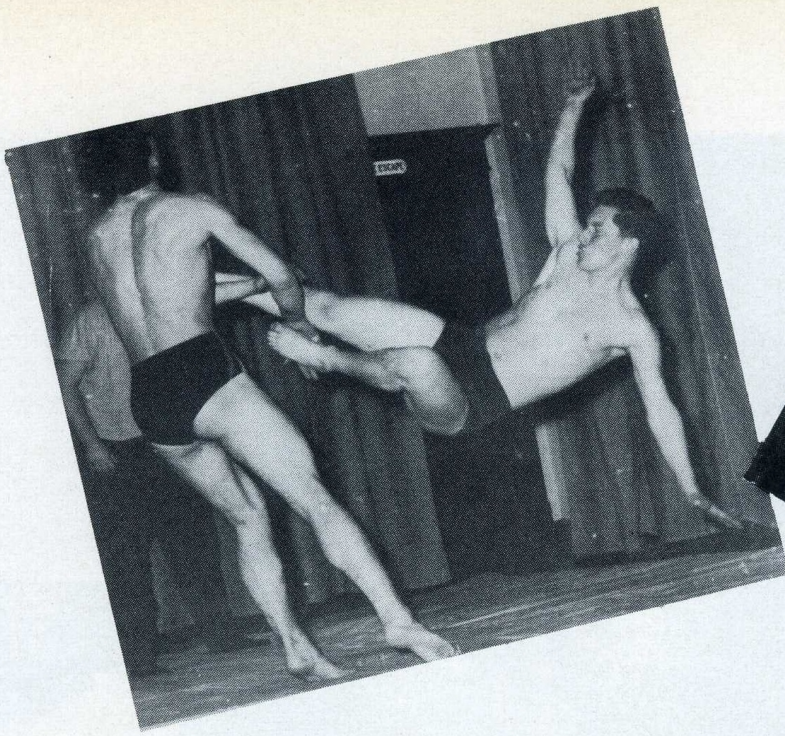

Variety

ON Feb. 27 and 28th the students, teachers and custodians of St. John's in a united school effort presented The St. John's Variety Concert, one of the highlights of the school year. For weeks all spare time was taken up with practising, rehearsing and ticket selling. Room 38 was awarded one half day off for highest ticket sales. Those students who were not themselves performing participated as stage hands, costumers or makeup artists.

The curtain finally rose to Miss Knapp's choir which set the concert off to a melodic start with "Lament," "The Gardner" and "Skip to My Loo." Later in the evening a special girls ensemble creditably sang "May Day Carol," "Fall on Like a Silent Dew" and "Czecho-slovakian Dance Song." A group of boys trained by Mr. Pastuck created awe and suspense for

Concert

the audience with their tumbling, vaulting and physical fitness exercises. The stage was next transformed into a wrestling ring when Danny Berk too on Walter Baron. An innovation to this year's concert were Miss Ritchie's Greek Dancers. The girls performed in bare feet and Grecian tunics. The concert did not lack the drama. A group of students put on, with professional savoir faire, a playlet, "Elizabeth Refuses," adapted from *Pride and Prejudice*. From the square dancing club came some dos-i-dos-ers who set the audiences toes a tapping. The last number on the programme was ballroom dancing. The lilt of the Gay Gordons, the pulsating beat of the tango, samba and rumba and the majestic sweep of the moonlight saunter and the waltz ended a wonderful evening.

Front row: Lorraine Vincent — room 18; Dolly Segal — room 32; Eileen Zoellner — room 33; Winnie Sunderland — room 36; Bev Woytyshyn — room 38.

Back row: Abby Segal — room 12; Susan Popowich — room 34; Lorraine Huzel — queen of 1957; Sharon Jakul — room 35, Joan Scott — room 17.

Freshie Dance

THE annual St. John's Freshie Dance was held on Oct. 18 at Inkster School. This first social event of the year was a tremendous success. Entertainment was provided by the Starlites and the HiFis. The lovely Freshie Queen Candidates were interviewed by Bob Washington of CJOB.

Excitement and suspense ran high until the votes were counted when it was at last revealed that charming Eillen Zoellner was St. John's Freshie Queen. Her Princesses were Sharon Jakul and Susan Popowich. This provided a pleasant ending to a gala evening.

Torch Dance

THIS year the Torch Dance popped up as the Be-Bop Hop, a hard times dance. It was held on Feb. 14 at St. John's and the social committee can pride itself on having planned another successful social event. Truly a good time was had by all.

Front row: Ann Lindner; Elizabeth Zarzycki; Frances Evaskavich; Helen Obrotza; Ron Golovitch; Annette Finkel; Lynn Cuddy; Alicia Kowalishen.
Back row: Roy Pasieka; Ron Chopek; Winston Wolfman; Walter Baron; Leon Shwaykoski; Ron Dolynchuk; Dennis Schettler; Bill Fulcher.

Sophomore Dance

THIS year's Soph Dance was preceded by a week of hysterical campaigning. Posters and badges were plastered throughout the school advertising the Soph King and Queen candidates for each room. The dance itself was held on April 25 at St. John's Aud. and was MC'd by Marvin Cooper who also supplied the entertainment. At 9:30, the votes having been counted and the candidates introduced, the curtains opened to reveal that Helen Obrotza of room 27 and Ron Golovitch of room 15 were Queen and King.

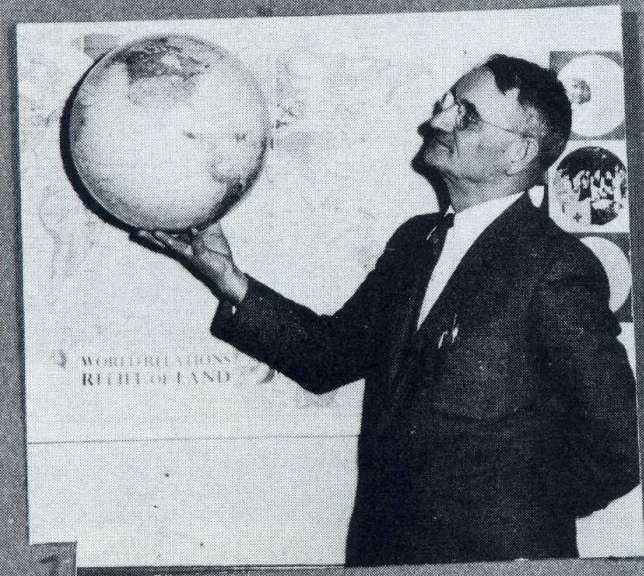

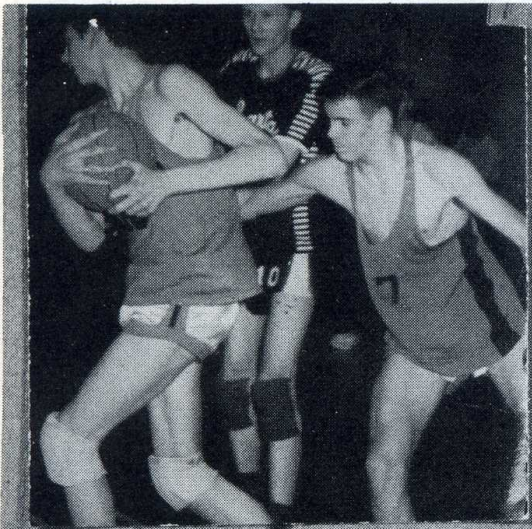

Gym Dance

THE second annual PT dance sponsored by Mr. Pastuck and Miss Ritchie was held on Nov. 7 for grades 9 & 10 and on Nov. 8 for grades 11 and 12 at Inkster School. For the occasion the auditorium was transformed into a ballroom. There was a planned programme of waltzes, tangoes and two-steps as well as jives and elimi-

nation dances. Late in the evening the teachers who were present led the pupils in a giant line of bunny hoppers around the aud. to a refreshment stand where donuts and cokes were served. All in all it was one of the most enjoyable and unusual dances for all grades.

Helping the Taxpayer

Since 1938, City Hydro has contributed, out of its profits, over \$10,000,000 to the City's General Fund to help reduce the citizen's tax burden.

In addition, since City Hydro's beginning, the low electric rates enjoyed by Winnipeg, compared with other large Canadian cities, have saved citizens many more millions of dollars.

The Kayak was a Man's Boat!

The Eskimo's Kayak required skill to handle and was used for hunting seal and walrus. The frame was made of driftwood, or even animal bones when necessary, and the women of the village scraped the animal skins and sewed them onto the craft.

All the hunting equipment . . . harpoons, coiled line, darts and knives were secured on the top front of the Kayak.

Now, however, even the Eskimo's hunting methods are modernized and he uses a motor boat with outboard motor. The Kayak that belongs to yesterday, with the romance of the colorful Eskimo life, is preserved in the Bay's Historical Exhibit on the Fourth Floor. See it next time you visit the Bay!

A Young Man on His Way...

Yes, he is on his way because as an officer cadet with initiative, enthusiasm, integrity and intelligence, he is receiving the best in training for leadership and responsibility as an officer in one of Canada's armed services.

Every young Canadian should know about the opportunity open to High School graduates or University undergraduates through the Regular Officer Training Plan, (ROTP). It combines military training with excellent advanced education through the Canadian Services Colleges . . . Royal Military College (Kingston, Ont.), Royal Roads (Victoria, B.C.), Collège Militaire Royal de St. Jean (St. Jean, P.Q.) . . . or a designated Canadian university.

A college education, character-building military training, leading to the Queen's commission as a naval, army or air force officer, is available to the right young man under the sponsorship of the Department of National Defence.

If you are interested in seeking a respected career, in serving Canada and, in meeting the challenges of an officer's active life with increasing responsibility, *you* can start on *your* way now!

Full information can be obtained from your nearest Navy, Army or Air Force recruiting station or by mailing in this coupon, *now!*
